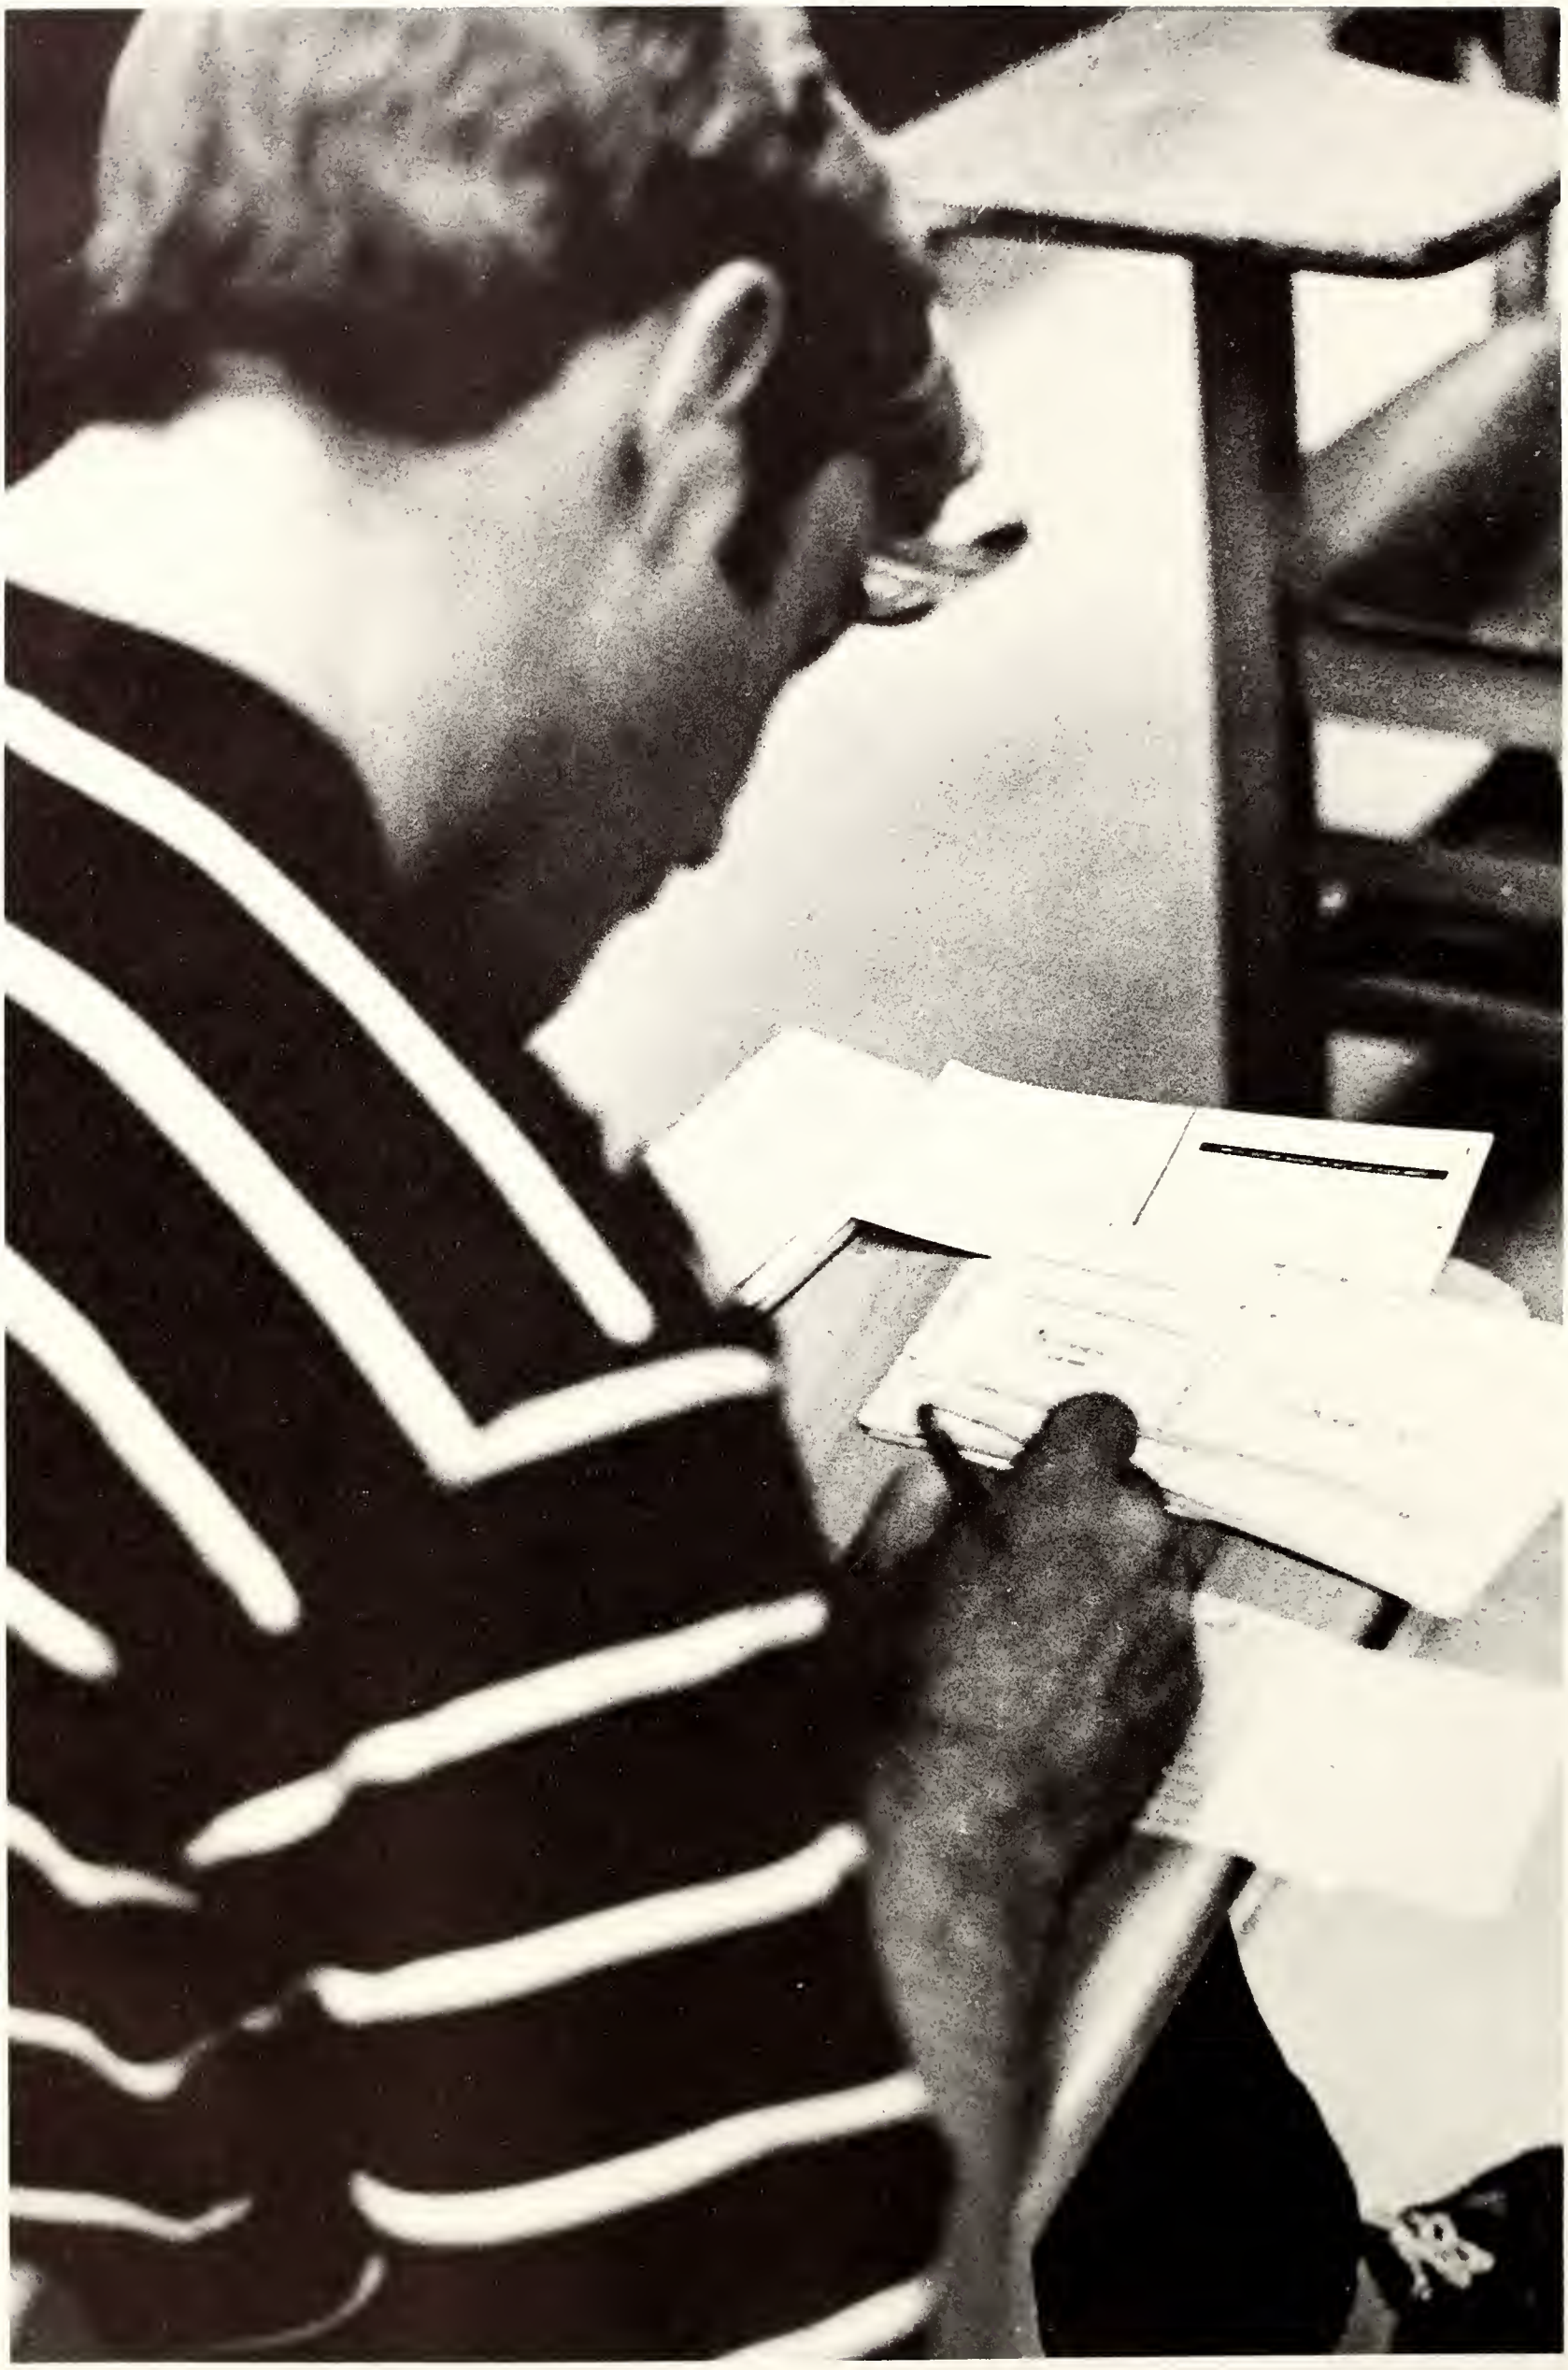
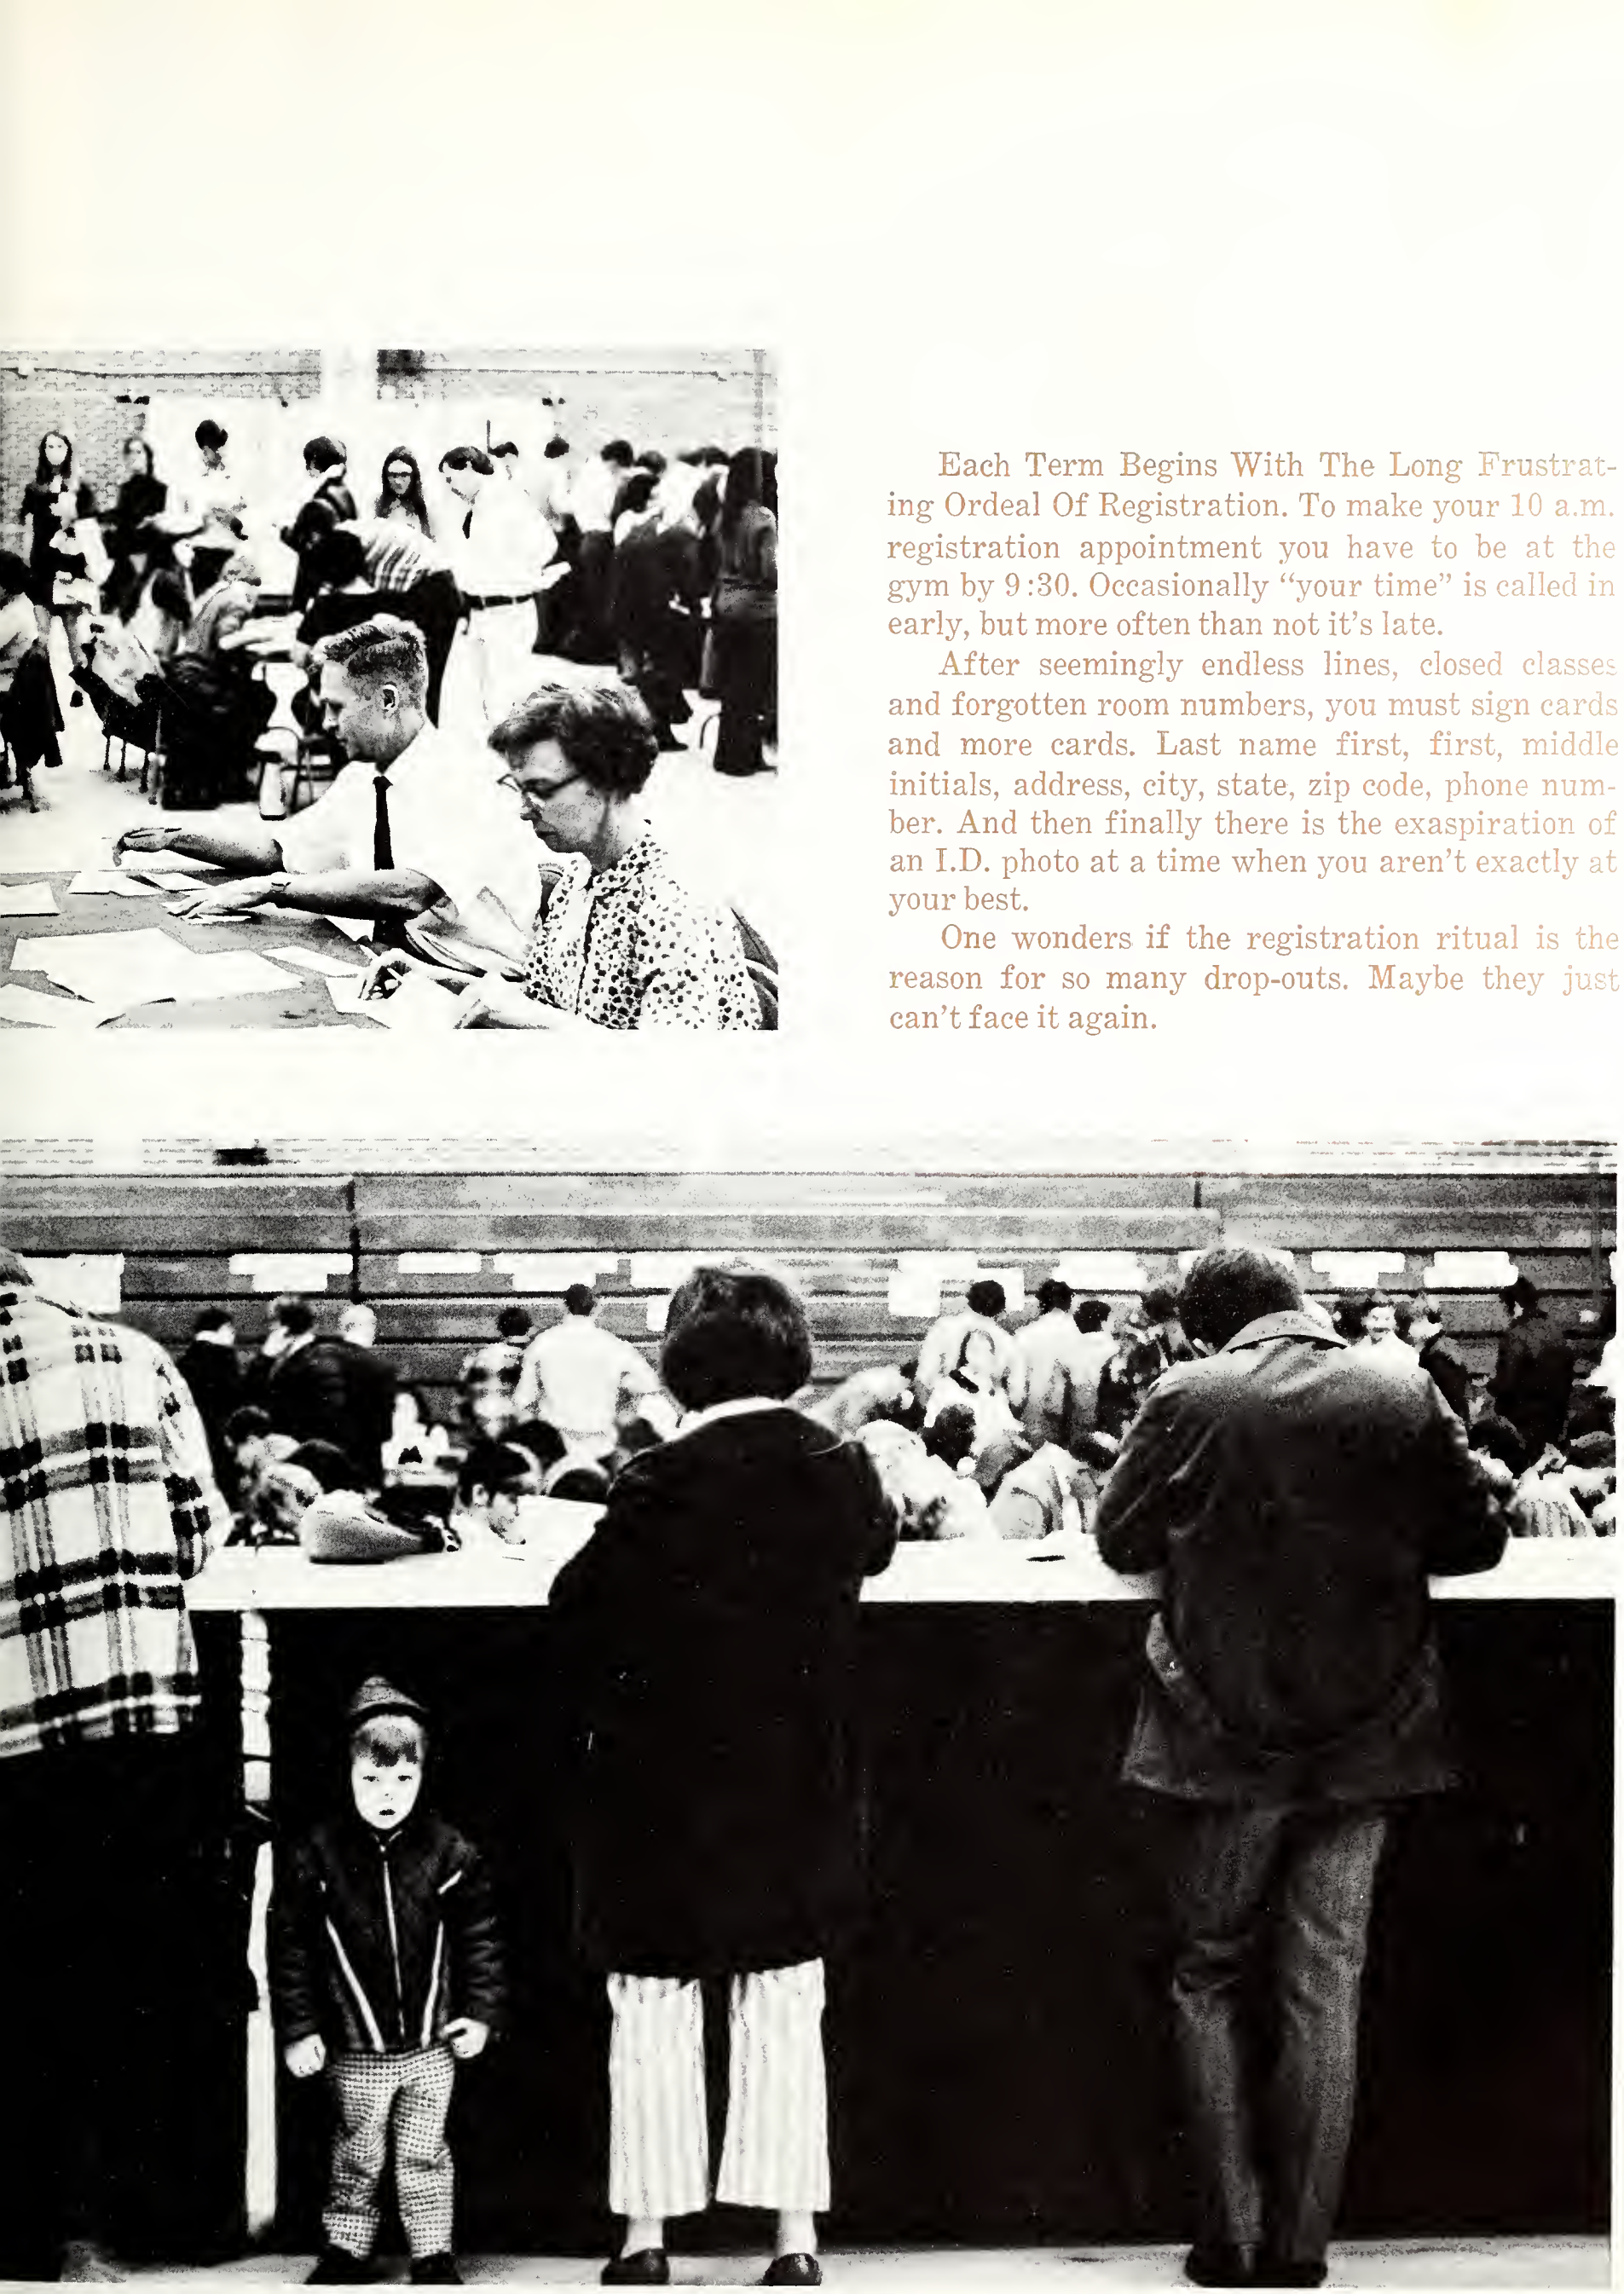
STAFF LISTING 376

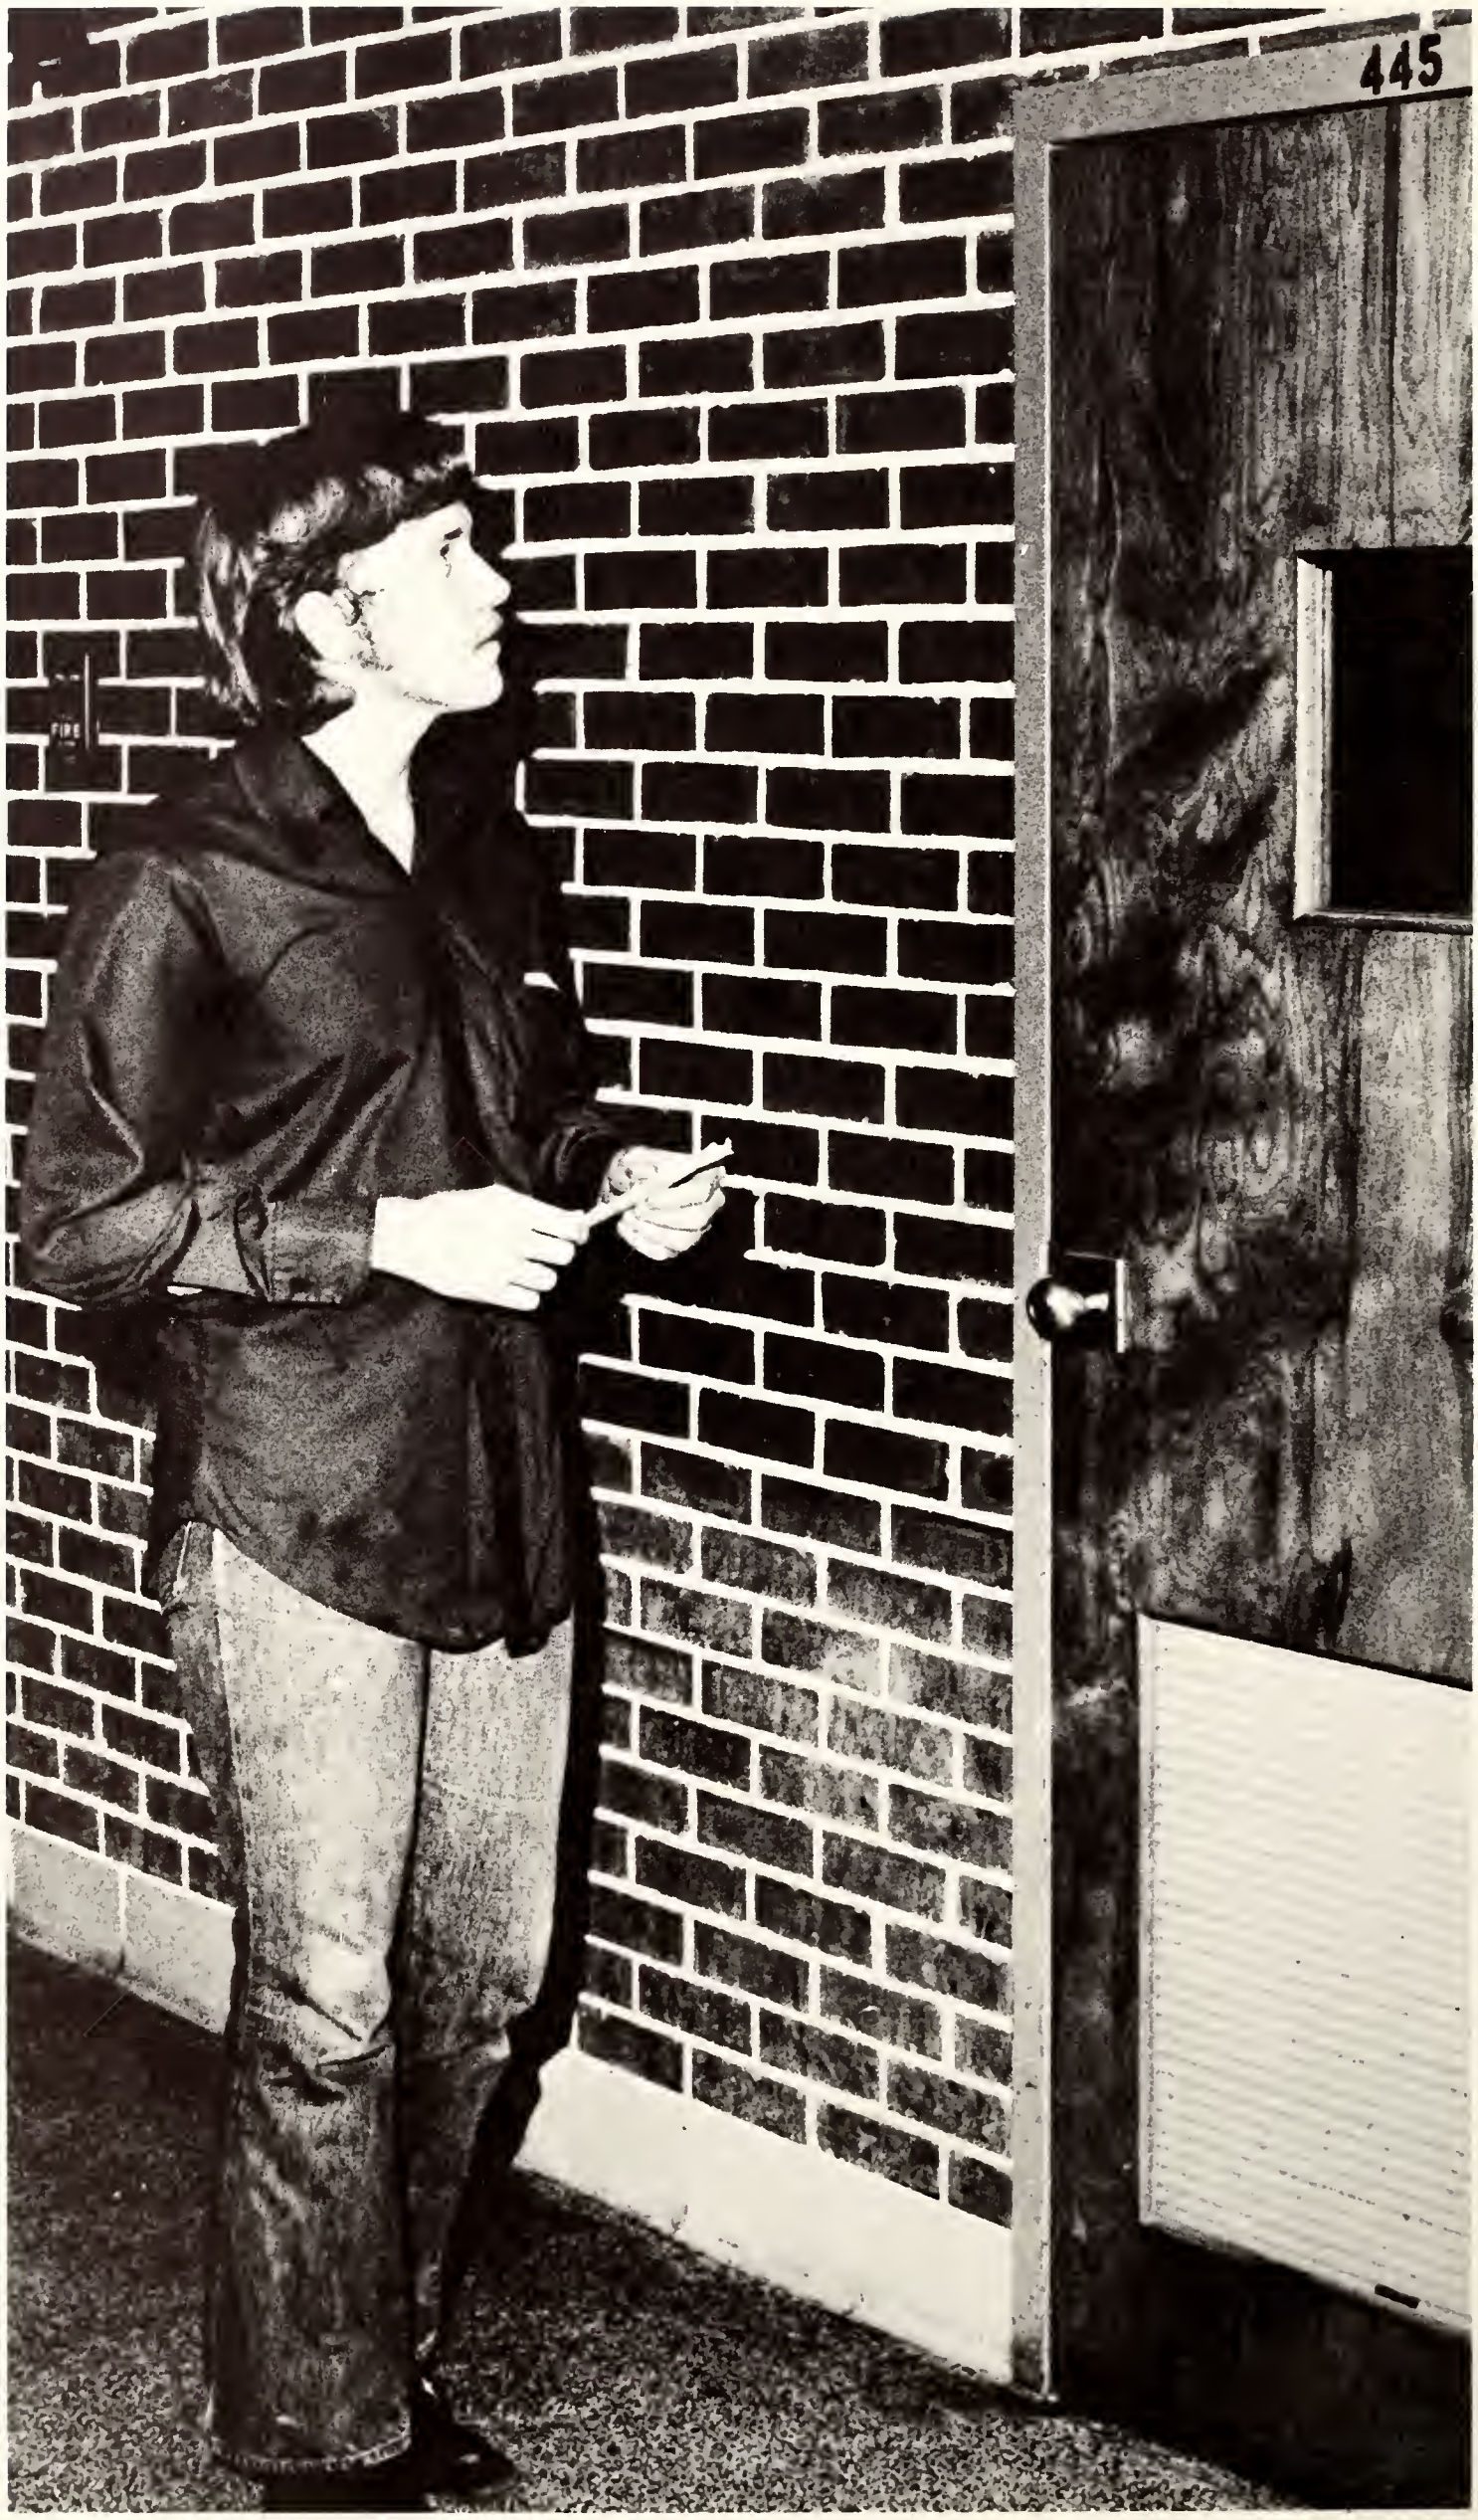


Each Term Begins With The Long Frustrating Ordeal Of Registration. To make your 10 a.m. registration appointment you have to be at the gym by 9:30. Occasionally "your time" is called in early, but more often than not it's late.

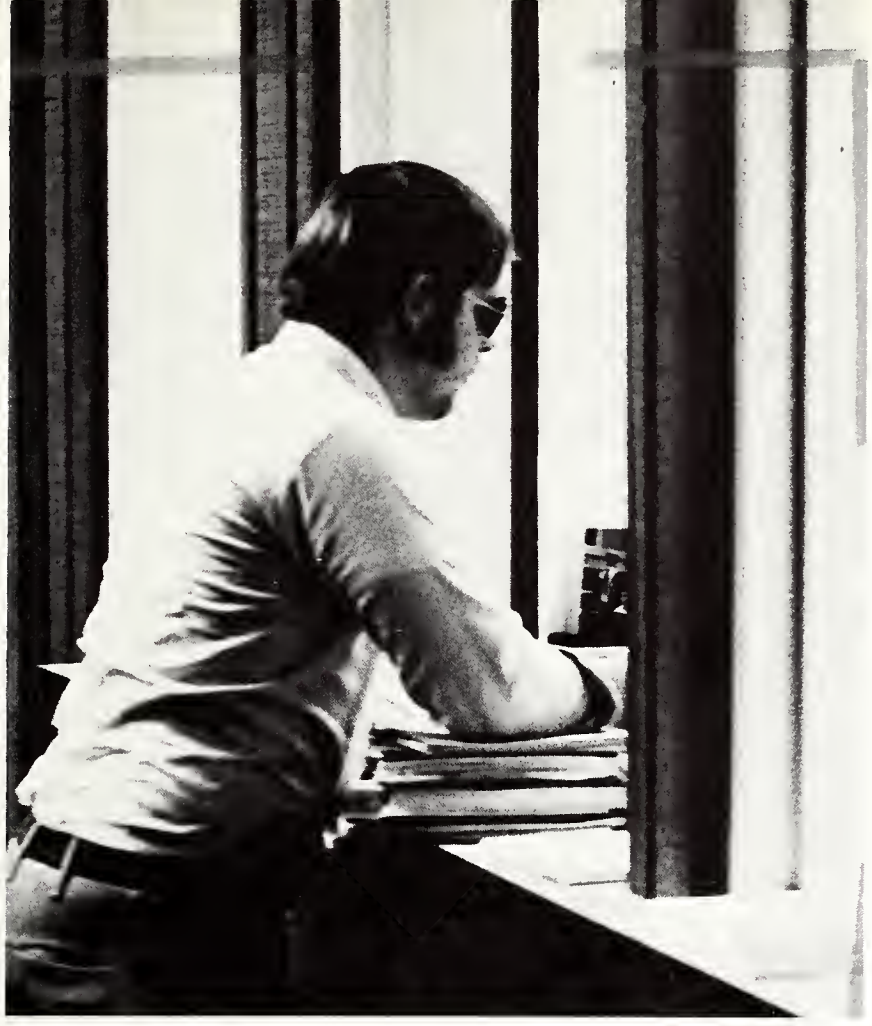
After seemingly endless lines, closed classes and forgotten room numbers, you must sign cards and more cards. Last name first, first, middle initials, address, city, state, zip code, phone number. And then finally there is the exaspiration of an I.D. photo at a time when you aren't exactly at your best.

One wonders if the registration ritual is the reason for so many drop-outs. Maybe they just can't face it again.





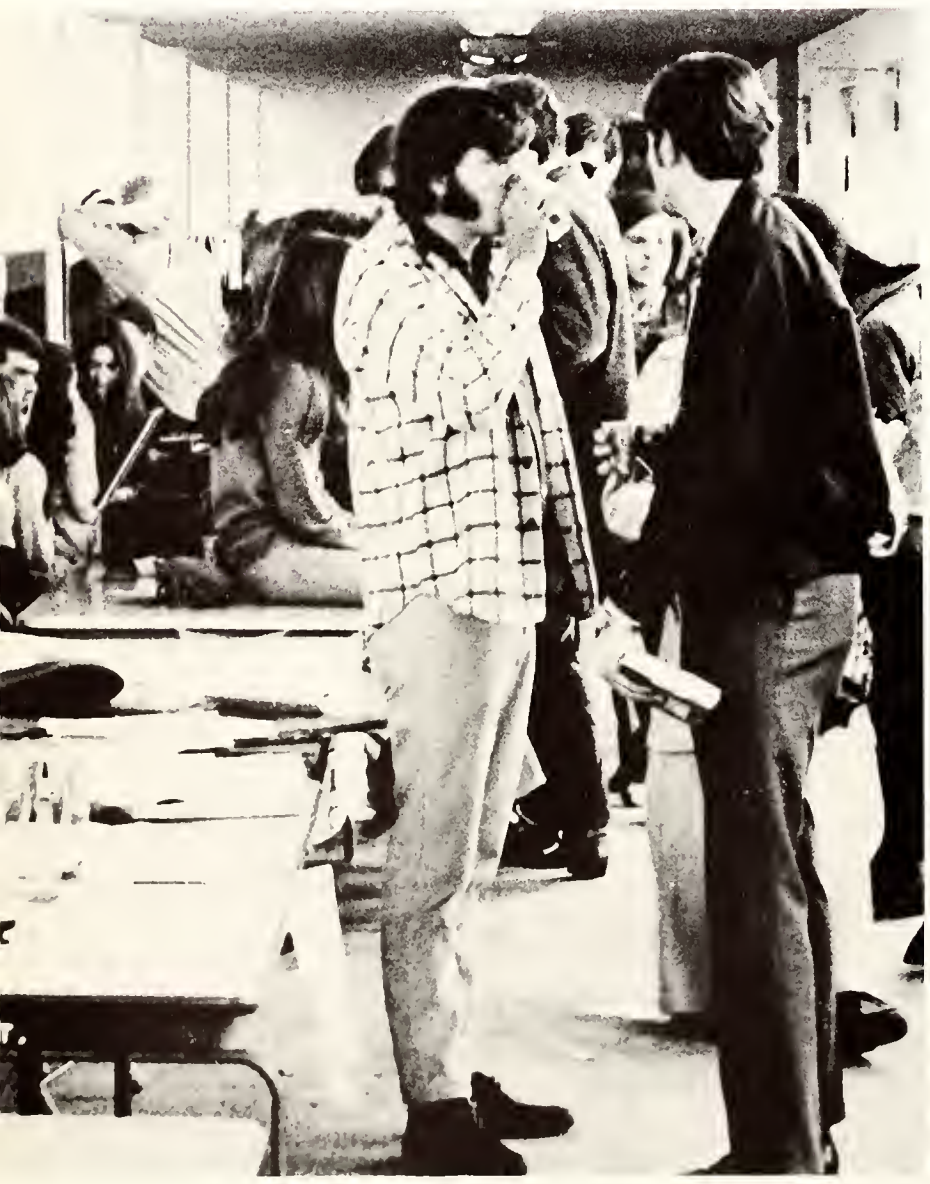
445



Each Term The First Couple Of Days Tend To Be Chaotic — Especially For Newcomers. Freshmen wander about aimlessly — seeking directions — trying to find a certain room in a certain building in the brief time allotted for class changes. Did he say the Liberal Arts Building or the Fine Arts Building? Room 416 or 418?

Eventually, however, things begin to fall into place. Courses are dropped — courses are added — sections are changed — the kinks are ironed out. And the buildings, the rooms, the faces, are no longer strange. A routine has been established — a pattern set — the year lies ahead with its problems and promises.

ΧΩ
LEDGE



The Good Old Days Of College Life. We look back and try to remember just a few of those happy hours we had with our friends.

The good old college days varied for each person. Some students found in a sorority or a fraternity the answer to their need to belong to a special group of friends. While the Greek life with its fun and games — rush, pledging, private parties, etc. — as well as its more sober side — fund drives, service projects, etc. satisfied some, others preferred the independent route.

Whichever route one chose, there were dances and parties and plenty of fun to be had and friendships to be made.

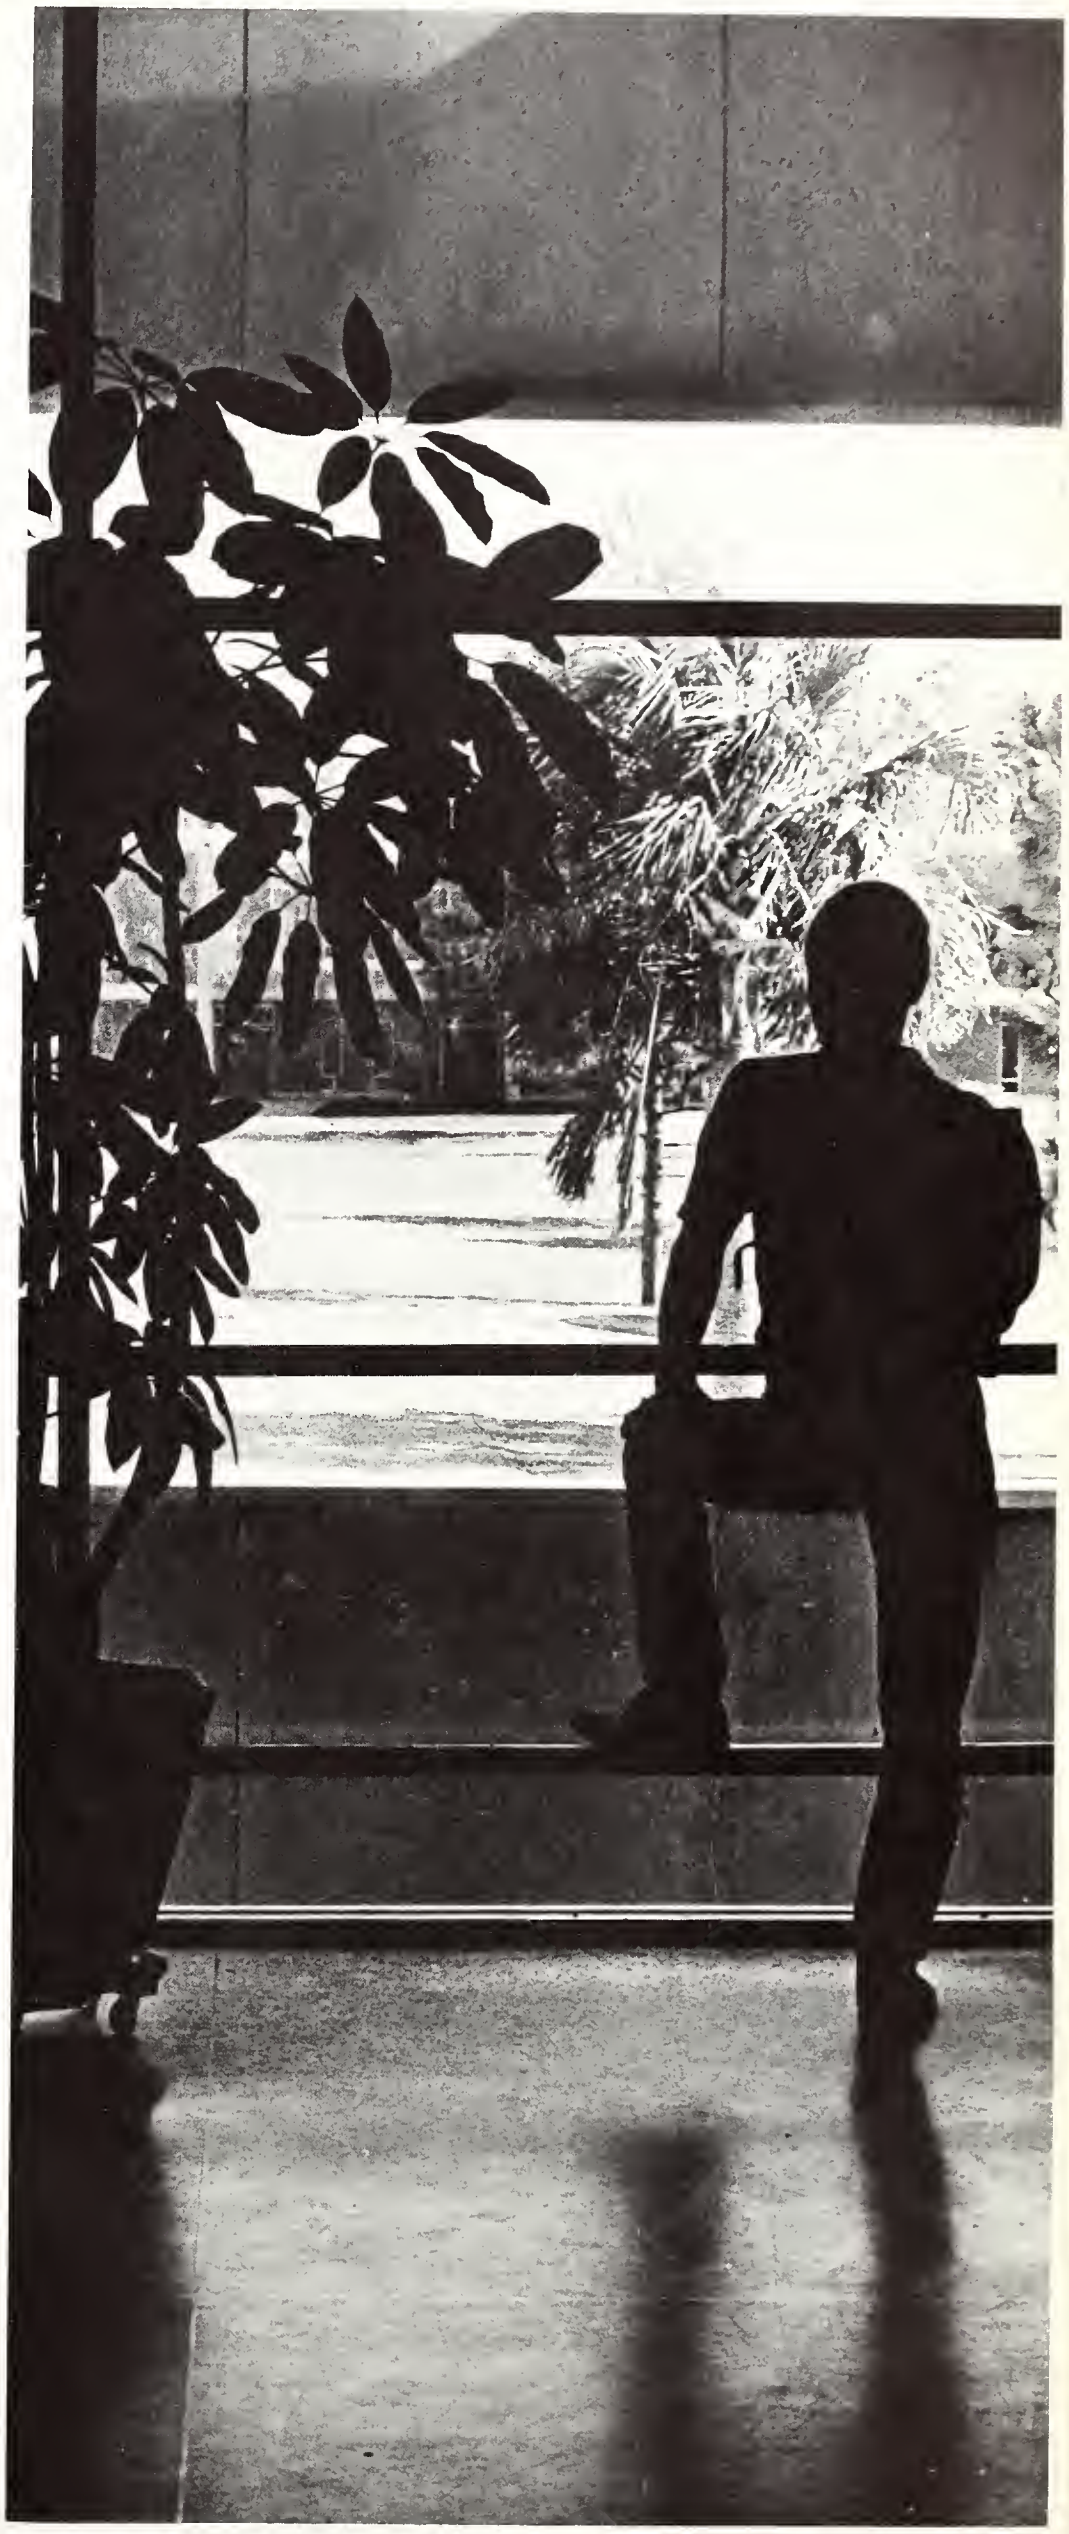
But there was also the quiet — the contemplative — side of college life — searching for creativity in the classroom or at the potter's wheel or meeting a special friend on the Student Center patio.

Time Seems To Pass Quickly For Many Of Us. Walking with a friend means more than just a trip to class. It is like a never-ending journey down the road to a better understanding of one another.

One of the more enjoyable ways to pass time is in close communion with your best girl. Any way, or with anyone's best girl, it's a good way to kill some free time.

Some choose to sleep away their spare time — which runs a close second to smooching!

Most people like to escape the crowds — be alone — occasionally. The quietude which comes with being alone provides an opportunity to think out problems — to find oneself — to seek answers to the age-old questions. Who am I? What is my purpose in life? Where am I going?



Education Is The Prime Reason For Going To Any Institution Of Higher Learning. Hoping to improve our knowledge and understanding of the world, thereby insuring a happier and more successful future, we pursue a variety of disciplines at PJC.

Some of us, having already chosen a profession, follow a narrowly defined curriculum. Others, as yet undecided about the future, choose a wide sampling of courses.

Whatever the nature of the coursework, the average student spends many long hours studying. There are research papers, lab projects, weekly assignments, mid-terms and finals complete with No-Doz pills and those all-night cram sessions.

When the going gets rough we are sometimes tempted to wonder if an education is worth all the trouble. A few think not and drop out. But most of us, knowing the value of an education, keep coming back for more.

Each Term SGA Elections Spark A Flurry Of Political Activity On The PJC Campus. There are rallies, speeches, posters and politicians—the usual political trappings—everywhere.

Interested members of the student electorate may join the ranks of the Now Party, Your Party, the Representative Party, the Mickey Mouse Party—you name the party and PJC has it. Or one can campaign for his or her favorite independent candidate. The choice is wide. The political spectrum is well represented.

Pre-election rallies, speeches and debates are usually held at "the stump"—PJC's free speech area. Issues ranging from the reportedly low quality of campus toilet tissue to the advisability of a pass-fail grading system in PE are talked about and written about for weeks. All students are afforded ample opportunity to learn about—become familiar with—the issues.

After all the fanfare and shouting are over; after candidates expend money, time and effort to bring the issues to the electorate; the voters—the student body—are given their chance to speak in true democratic fashion—at the polls. But most of them never seem to have the time or the interest. Of the 5,000 full-time students eligible to vote in campus elections, only about 1000—20 percent—ever bother to do so. Apathy, an old companion at PJC, still reigns.

Parking Is Becoming A Major Problem at PJC. This year all parking lots were open to students. Instead of using the former zone parking system with different color stickers for different parking lots, this year the SGA passed an amendment permitting open parking all over campus, with one sticker for all lots.

Jammed parking lots are now an everyday occurrence. Students park on the lawns and in the roads — often returning to their car to find a parking ticket. Some people compound the problem by expropriating two parking places.

A parking lot across the street from the campus was converted into a Christmas tree lot during the Christmas season, adding to PJC's parking problems during that busy time.

Its all part of the population explosion in our affluent society — people, people and more people make for cars, cars and more cars.

The Campus Policeman Is A Welcome Friend At Times; A Slight Inconvenience At Others. It depends on how you are traveling.

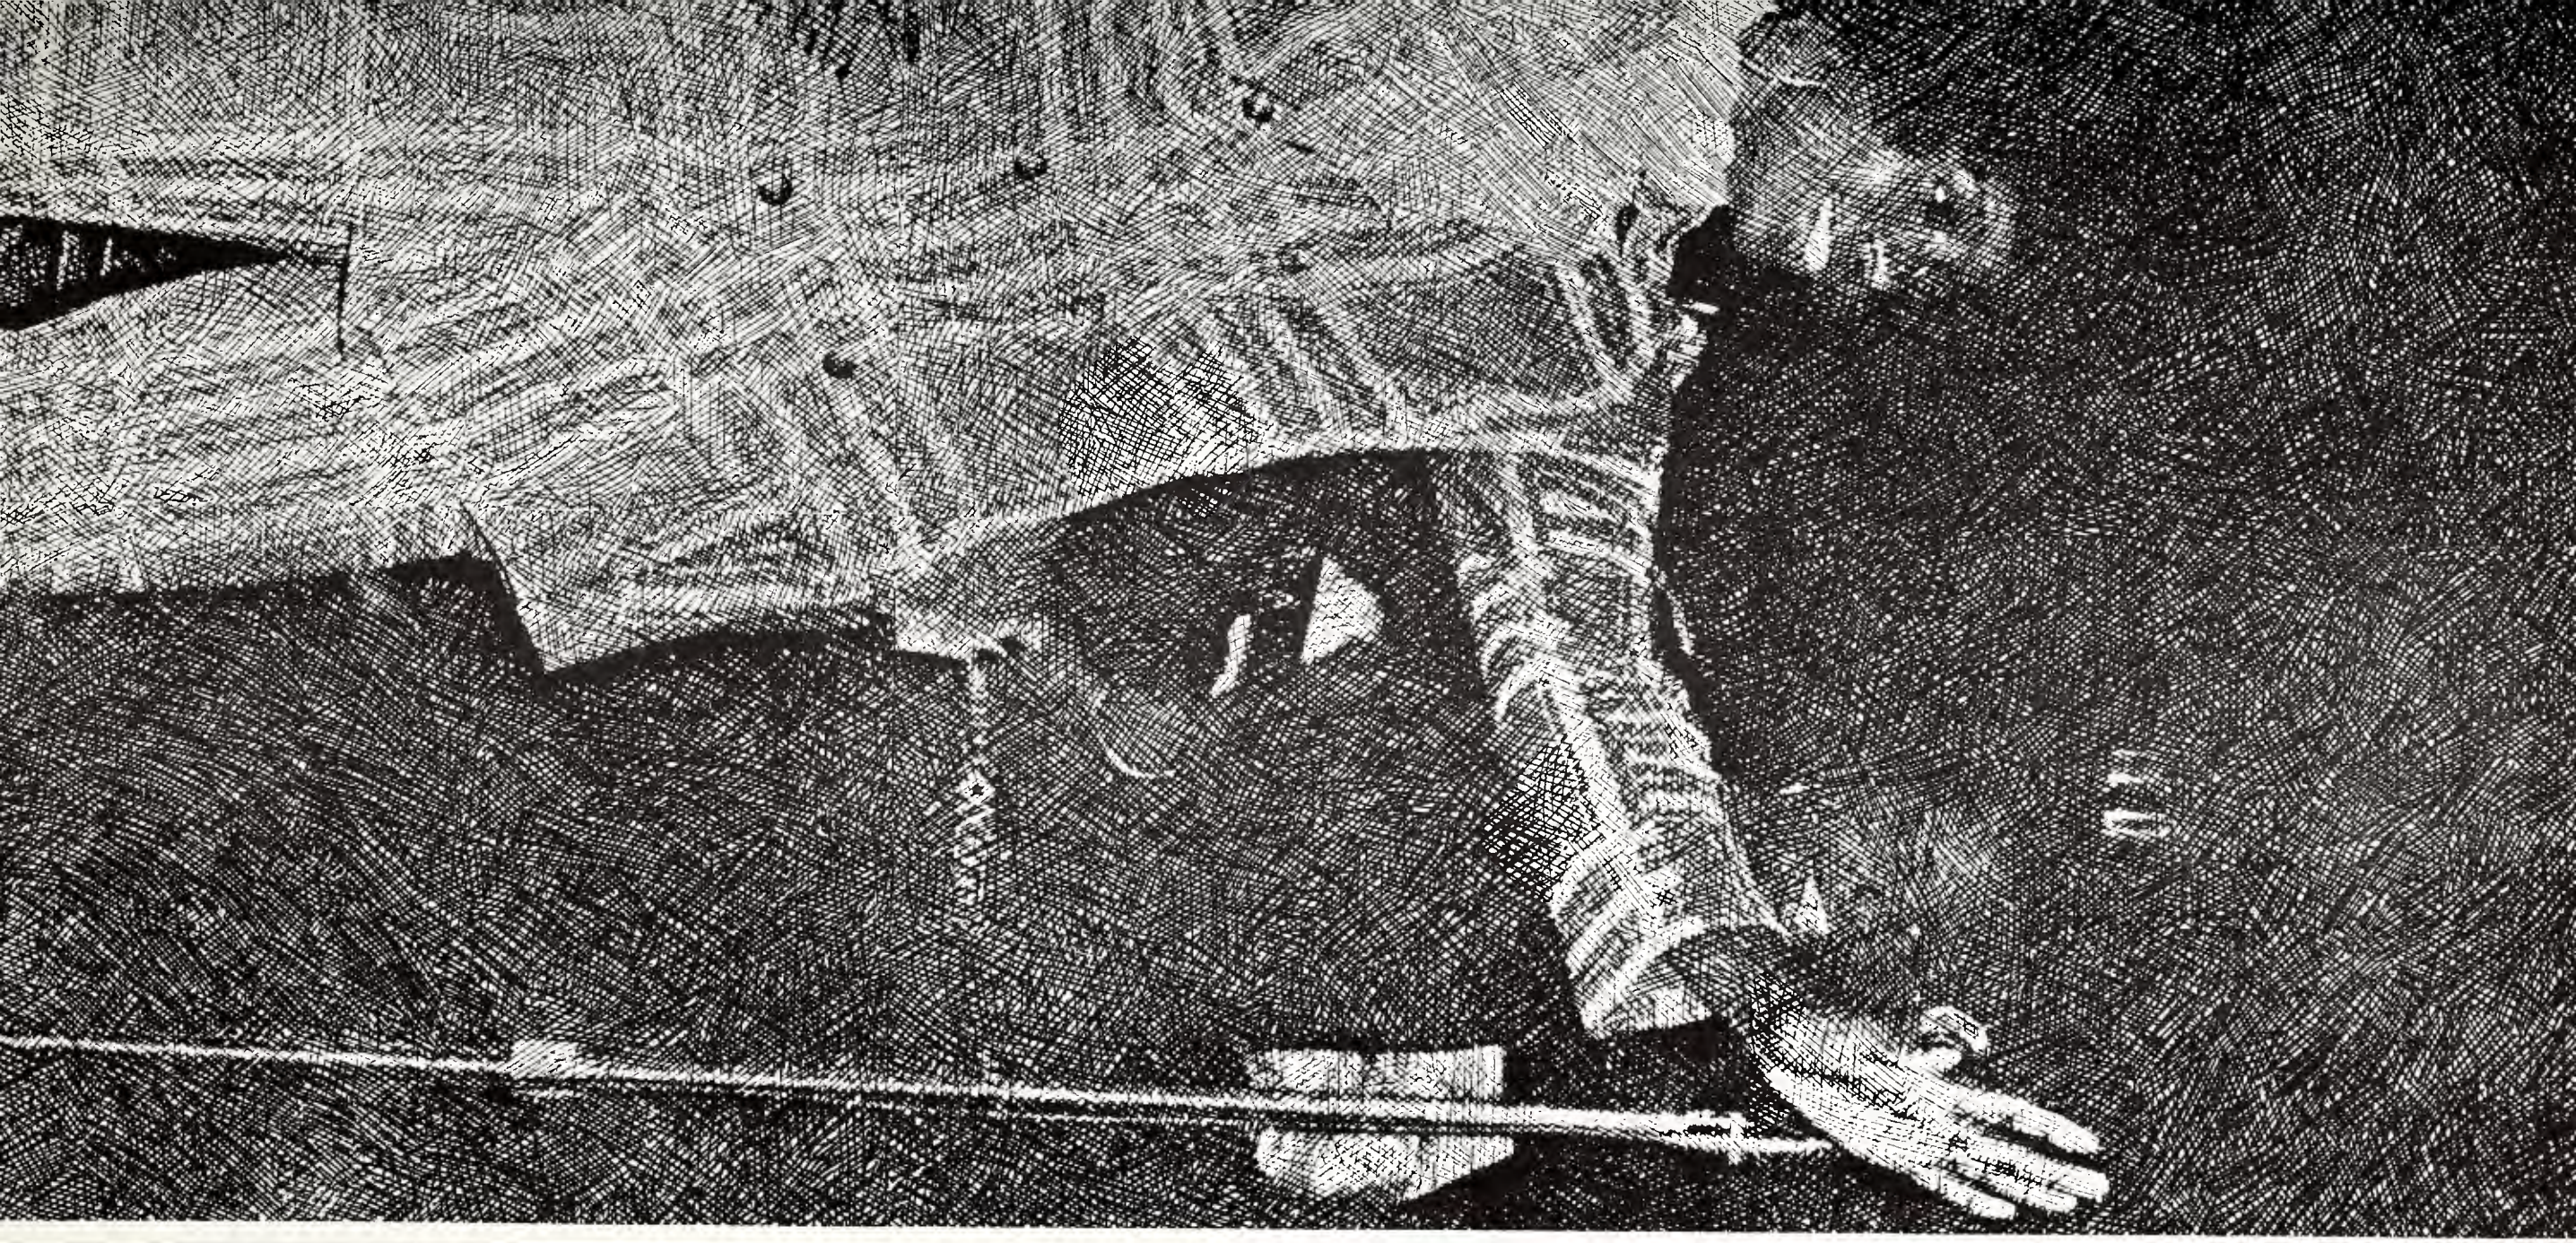
When one is a pedestrian attempting to cross College Boulevard intact he is a lifesaver. On the other hand, for the motorist desperately attempting to get to class on time, the campus policeman is one more hurdle — one more time-devouring traffic regulation — like one more red light.

Park in a faculty parking space, drive your father's stickerless car to the library for a brief bit of research, back into a parking place, or park at an improper angle and you may find a pink ticket on your windshield.

His is not always a popular task but it's a necessary one.

Is There A Time For Us? You'd better believe it! With wars and rumors of wars and the threat of an uncertain future hanging over us — with all the responsibilities and cares of the adult world just around the corner — we still dare to find a time. A time to hope and dream and plan and laugh and play and love. A time for us. Our time.

And The Good Times Do Always Come Around Again. After the mid-term or the final—on the weekend—during the summer—we relax. Forgetting about G.P.A.'s, term papers, lectures and tests, we let our hair down and RAISE HELL!



FEATURES

Miss TIDE
Linda Gregory

Sponsored by the debate squad, Linda is a member of Phi Rho Pi, a national honorary forensic society for junior colleges. She is also a second year member of the PJC inter-collegiate traveling debate team. Linda participates in the Phi Delta Nu chapter of Beta Sigma Phi, an international and national social and service sorority, serving as publicity chairman.

She is a member of the United Daughters of the Confederacy in Oklahoma, the SNEA for which she is also publicity chairman and SGA. Linda was a member of the 1971 PJC Homecoming Court.

Glamour Queen Beverly Penton

Sponsored by Alpha Sigma Omega, Beverly is a sophomore and is mascot of Alpha Sig. She is an inactive member of Phi Lambda Nu sorority and their former vice president. She received "Best Pledge" award at the time of her pledging. She is a member of Beta Sigma Phi, an international sorority. She is also a former sweetheart for Circle K.

Beverly is the feature editor of TIDE as well as copy editor and fashion editor of the CORSAIR. She was selected to the CORSAIR'S Hall of Fame.

Beverly, who is a model for Brisch's House of Brides, will represent not only PJC and Pensacola, but Florida as well in the national competition for Glamour magazine.

Homecoming Queen Deborah King

Cute, active, interested — these words seem to describe perfectly Deborah King, PJC's 1971 Homecoming Queen. The petite co-ed is a member of the Afro-American Society and the Black Student Union, in both of which she takes a very active part.

Deborah is the sweetheart of Mu Iota Kappa fraternity and serves as the president of Zeta Phi Beta sorority. With an acute interest in Black culture, she strives to better inform people of the meaning and purposes of the groups to which she belongs.

Who's Who

Each year a limited number of PJC students are selected to be included in the national directory of outstanding junior college students, Who's Who Among Students In American Junior Colleges. Nominations are made by faculty members, with final screening entrusted to a faculty committee. Selections are made on the basis of campus involvement, scholarship and leadership abilities. This year 11 PJC students were accorded the honor.

SUSAN CLIPPER—Highly involved in the PJC nursing program, Susan spends much of her time in volunteer work at local hospitals. She is a member of Phi Theta Kappa, the national honorary scholastic society.

NORMAN CUSHON—As vice president of the Student Government Association, Norman is one of the busiest students on campus. He is also a member of the Black Student Union and Mu Iota Kappa.

DEBI DAVY—As a political science major, Debi finds working with Student Government interesting and educational. Working on many committees, she has received frequent recognition for her outstanding efforts.

BRENDA GRUND—Enrolled in the college's Dental Hygiene program, Brenda finds that her studies keep her quite busy. She served as a magistrate on the Traffic Court during the fall term.

TOM LANGFORD—As SGA parliamentarian, Tom presides at all senate meetings. Possessing a serious interest in student government and affairs, Tom is very active in all campus activities.

SAM NEWMAN—Realizing a lack of communication on campus, Sam sought to rectify the problem by creating the SGA newsletter, WRITE-ON. A concerned student, he is a willing worker and initiator.

MAMIE PREYER—Enrolled in the nursing program, Mamie devotes much time to volunteer work at local hospitals. She is president of the Caduceus Society.

GEORGE RAPIER—A conscientious student, George is one of PJC's outstanding scholars. He is president of Phi Theta Kappa.

FRED SCHREIBER—Involved in fraternity activities, Fred is the president of Delta Kappa Alpha and a member of the Inter-Greek Council. A serious student, he is a member of Phi Theta Kappa.

PAM SHELDEN—Pam's involvement includes a wide range of activities. She is president of both Delta Chi Omega and the Inter-Greek Council. Publications are also important to her. She is a member of the CORSAIR and TIDE staffs and is SGA Secretary of Events.

JOE THORNTON—As a business major, Joe finds working with Phi Beta Lambda, business fraternity, a worthwhile endeavor. As a member of Phi Theta Kappa, scholarship is also important to him.

CORSAIR Hall Of Fame

During the spring term CORSAIR solicited the nomination of outstanding PJC students as candidates for the CORSAIR Hall of Fame. There were no specific qualifications for nominees except that they be outstanding — exemplary — in terms of participation and service at PJC. Grade point averages were important but not an overriding factor.

The CORSAIR staff selected, from among many nominees, the following five students to be included in the CORSAIR Hall of Fame for 1970-71.

NORMAN CUSHON — As vice president of the Student Government Norman is one of the most involved persons on campus. Besides SGA work, Norman is a member of the Black Student Union and the Afro-American Society. He is also a member of Mu Iota Kappa fraternity, being one of the founding brothers. He was named to Who's Who in American Junior Colleges this year.

BEVERLY PENTON — Beverly was recently accorded the honor of being selected to represent Florida in Glamour magazine's "Glamour Queen" contest. She is feature editor of TIDE and copy editor for CORSAIR. She is a former member of Phi Lambda Nu, for which she served as vice president. She also received the honor of being declared Phi Lambda Nu's "Best Pledge." She is currently the mascot of Alpha Sigma Omega fraternity.

FRED PEOPLES — Being president pro tem of the Student Government, Fred is well versed on all campus issues. One of the original founding brothers, Fred now serves as president of Mu Iota Kappa. He is also president of the Black Student Union.

ROSEMARIA SHELBY — Rose's membership in the Student Government occupies much of her time. She serves on several SGA committees — Events, Elections, Communication and Student-Faculty. Rose is a volunteer worker in many community endeavors. She was a member of the court in the Miss TIDE contest.

PAM SHELDEN — Pam is the president of Delta Chi Omega and the Inter-Greek Council. Formerly an SGA senator, she has served as Homecoming chairman and secretary of events. Pam was a member of the Homecoming court and was first runner-up in the Miss TIDE contest. She is a member of both the CORSAIR and the TIDE staffs. Pam was named to Who's Who in American Junior Colleges this year.

PJC Leaders and Scholars

Honors Day is an annual spring term event at which a select group of PJC students are recognized for their exemplary performance during the year in one of three areas: leadership, scholarship or community service.

Leadership awards go to students who are very active in campus organizations, student government, etc. Students having very high grade point averages are recognized for their scholarship. Community service awards go to students who are highly involved in community affairs—community organizations, fund drives, etc.

This year 12 students were honored.

Outstanding leaders — Debi Davy, Mike Orta, Pam Shelden, Mike Kimberl and Cathy Minshew.

Outstanding scholars — Cheryl Heinberg, GPA 3.86; Jacqueline Young, GPA 3.80 and George Rapier, GPA 3.81. Not pictured are Robert Parsons, GPA 3.85 and Jean McGrath, GPA 3.85.

Ellen Eade, Distinguished Service to Community.

Debate and Forensics

This year members of the Pensacola Junior College Debate and Forensic Team, under the able direction of their coach, Lee Shoeni, distinguished themselves and their school in intercollegiate debate and forensic circles throughout the southeast.

Traveling to debate and forensic tournaments in Florida, North Carolina, Alabama and Mississippi, the group brought numerous individual and team trophies back to PJC including a Sweepstakes Trophy won in competition at Wingate College in North Carolina.

Novice debaters, Anthony Clegorne and Larry Clark, consult one another concerning a vital issue in a debate round.

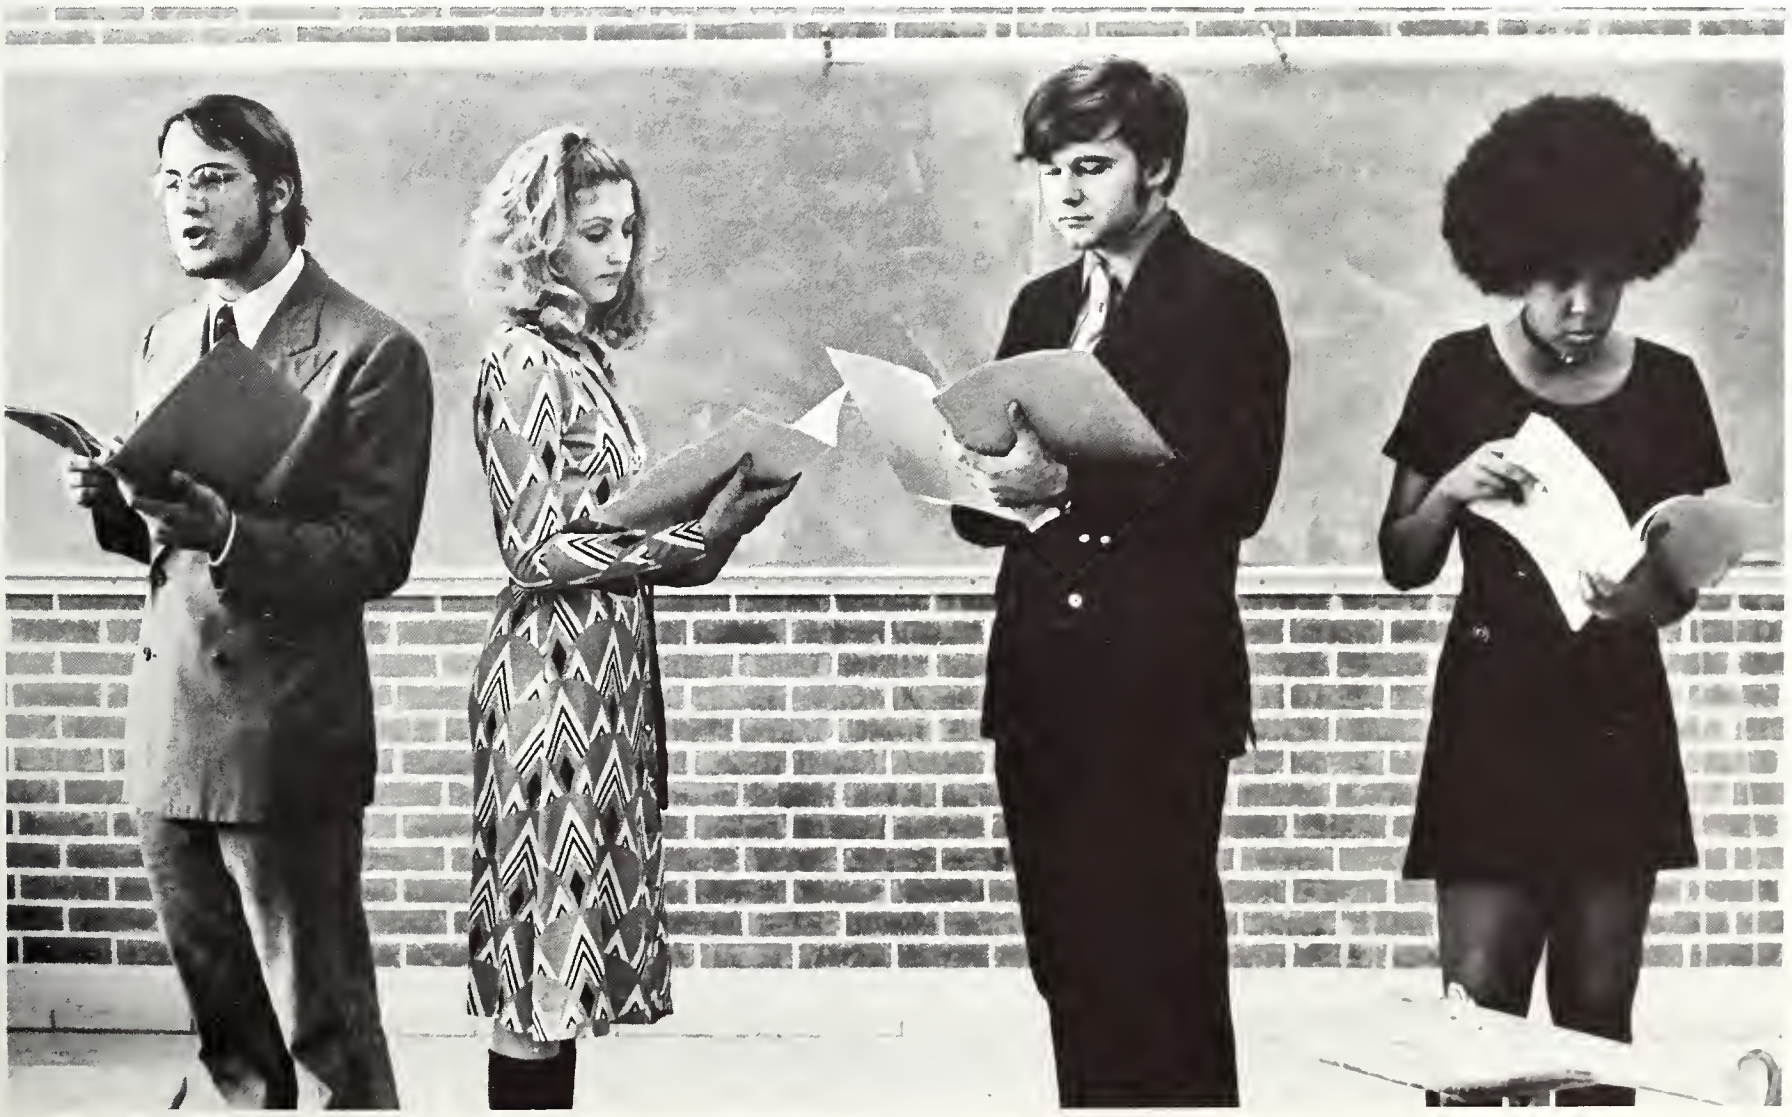
Marcia Timmel (Impromptu Speaking) and Nancy Hasty (Oral Interpretation, Persuasive and Entertainment Speaking) admire each other's accomplishments after the Wingate College Tournament.

Ellen Eade and Wayne Hunsucker work at gathering current evidence regarding this year's intercollegiate debate topic.

Varsity debaters, Linda Gregory and Richard Vickrey, exhibit the teamwork which brought them so many victories during the 1970-71 debate season.

Varsity debaters, Chip Merritt and Larry Cook, prepare to attack the First Affirmative Speaker, Richard Vickrey, during one of many practice rounds held at PJC.

Decrying the still-sometimes-fought war between the North and the South are Readers Theater members: Keith Wakeman, Candi Taylor, Walter Freeman and Jackie Carter.



Governor Askew

One of the highlights of the year on the PJC campus was the gubernatorial candidacy of Reubin Askew, the first Pensacolian to make a successful bid for Florida's highest office in 100 years.

The youthful Askew, approaching the problems of state government in a fresh, wholly uncynical manner, sparked a high degree of political interest and support among the normally politically apathetic young in Pensacola and throughout the state.

John Chappell

Walking onto the stage after three hours of make-up which transformed his 31 years into Mark Twain's 73, John Chappell kicked off the 1970-71 Lyceum Series with a masterful rendition of Hal Holbrook's "Mark Twain Tonight."

Holding a cigar and puffing occasionally with resultant spirals of smoke rising above the familiar Twainian countenance, Chappell presented a wide assortment of Twain's satire, humor and commentary. Program format was flexible with Chappell selecting material as he performed.

Chappell's professional talent and knowledge of Mark Twain made his performance a highlight of the Lyceum Series.

Max Rafferty

"What's going to happen to us as individuals?" was the question posed by noted educator, lecturer and columnist, Dr. Max Rafferty, during his appearance at PJC for the November 19 Lyceum convocation. His lecture dealing with the place of the individual in today's highly regimented society, was followed by a press conference at WSRE and later a question and answer session on the Student Center Patio. During both events, Rafferty, appealing to a surprisingly wide cross-section of the campus, stimulated student interest and thinking. Student response was sober, questioning and critical.

Above and below: Dr. Rafferty discusses important issues with students on the Student Center Patio.

Herb Kaplow

It is customary at PJC for one of each year's Lyceum Series speakers to be scheduled during Homecoming Week in February. This year's Homecoming speaker, noted NBC news correspondent and commentator Herb Kaplow, spoke in the Health Building on February 18.

Underlining the wealth of his knowledge and experience, Mr. Kaplow's remarks ranged widely —from the Eisenhower years of the late 1950's when he was assigned to cover the then Vice President Nixon's campaign efforts to the very real present and the Vietnam dilemma.

Following his address at a noontime convocation (right) Herb Kaplow was interviewed by local television personality Taris Savell (above and below).

COLA JUNIOR COL

Kilenyi, Rosewood Rebellion, Rusk

Edward Kilenyi, American pianist and Professor of Music at Florida State University, performed in concert in the PJC Fine Arts Auditorium, January 12. Mr. Kilenyi played for the student body and faculty at a morning convocation and for the general public in the evening.

Kilenyi, a noted piano virtuoso, has received acclaim in concert tours in Europe and the U.S. He has appeared with many outstanding American orchestras. Recently, Kilenyi introduced a new form of piano recital in which the audience makes its own selections from among the 32 sonatas of Beethoven.

Jamz Dutton and his Rosewood Rebellion, a marimba group that plays 39 different rhythm instruments, performed in concert in the PJC Health Building, February 23.

The Chicago-based group included selections ranging from pop and rock to Bosa Nova and Bach. The group, whose sound is exotic, wild and free, combines a large number of instruments to produce their unusual and unique sound.

Dean Rusk, former Secretary of State under Presidents Kennedy and Johnson, spoke in the Health Building on April 13. As with other Lyceum events, Mr. Rusk spoke to PJC faculty and students at a morning convocation and to the general public in the evening.

Rusk, a Rhodes scholar and a member of the Law School faculty at the University of Georgia, has had a long and distinguished career in governmental service. Prior to his appointment as Secretary of State by President Kennedy in 1961, Mr. Rusk served as Assistant Secretary of War, Assistant Secretary of State, Assistant Secretary of State for Far Eastern Affairs and in a number of other important State Department positions.

The Women

Women's Lib crept on campus in mid-October, dramatically at least, in the Drama department's production of "The Women."

The classic, written by Clare Boothe Luce, involves the trials and tribulations of a group of women attempting to play their respective roles in the artificial society of a metropolitan world.

Those fortunate enough to see "The Women" during its six-day run were richly rewarded with laughter.

We Bombed In New Haven

The PJC Theater staged "We Bombed In New Haven" in the middle of January. With an almost all-male cast, (there was one female role) this modern war satire play was well received by youthful collegiate audiences.

"New Haven" is the most realistic and probably the most unconventional play the PJC Theater has yet attempted. But the enthusiasm of the cast, the directors and the public made it an outstandingly successful production.

Campus Elections

"Check 19 candidates only as your selection for representation . . ." As election officials laboriously count votes, they wonder about the sincerity — the responsibility — of some of the newly elected senators. Will they take the office more seriously than have some of their predecessors? Has a new day dawned at PJC? When final vote counts are revealed two factors are evident. Apathy, an old and evidently established institution of politics continues to linger while at the same time the political party system thrives.

After weeks of campaigning, drawing posters and talking with students, newly chosen senators wonder if their effort to give PJC students a truly representative Student Government was really worth it considering the less than 20 percent voter turnout. Once again the year ends with the same problems unsolved.

Some students show an interest and listen to the speeches and some don't. (Above and below)

POW-MIA Project

In November the people of Pensacola responded to the continuing problem of the plight of American POW-MIA's — those too-often forgotten Americans who have disappeared behind North Vietnam's bamboo curtain during the long years of the Vietnam War.

A campaign was mounted to raise money to send a delegation of nine Pensacola youths to Paris, France to seek information on American POW-MIA's from North Vietnam's delegation at the Paris Peace Talks. After numerous fund-raising activities including road blocks, car washes, sales of various sorts, dances and donation drives, enough money was raised to send a group of nine youths — eight high school students and one PJC student — to Paris to do, as it turned out, what no other similar student group had been able to do for at least two years — talk to the North Vietnamese delegation.

Contacting ambassadors, visiting embassies, making telephone calls and composing a most impressive telegram, the Pensacola delegation finally obtained an audience with Ngyuen Tau Lein, the North's chief peace talk delegate. Expressing surprise that the citizens of Pensacola would send such a large youth delegation, Lein, who had originally granted only a five minute meeting, spent nearly three hours talking with three members of the delegation.

Though no immediate tangible action resulted — no new information was obtained on American POW-MIA's — the world was made aware that Pensacola youth do care about American POW-MIA's.

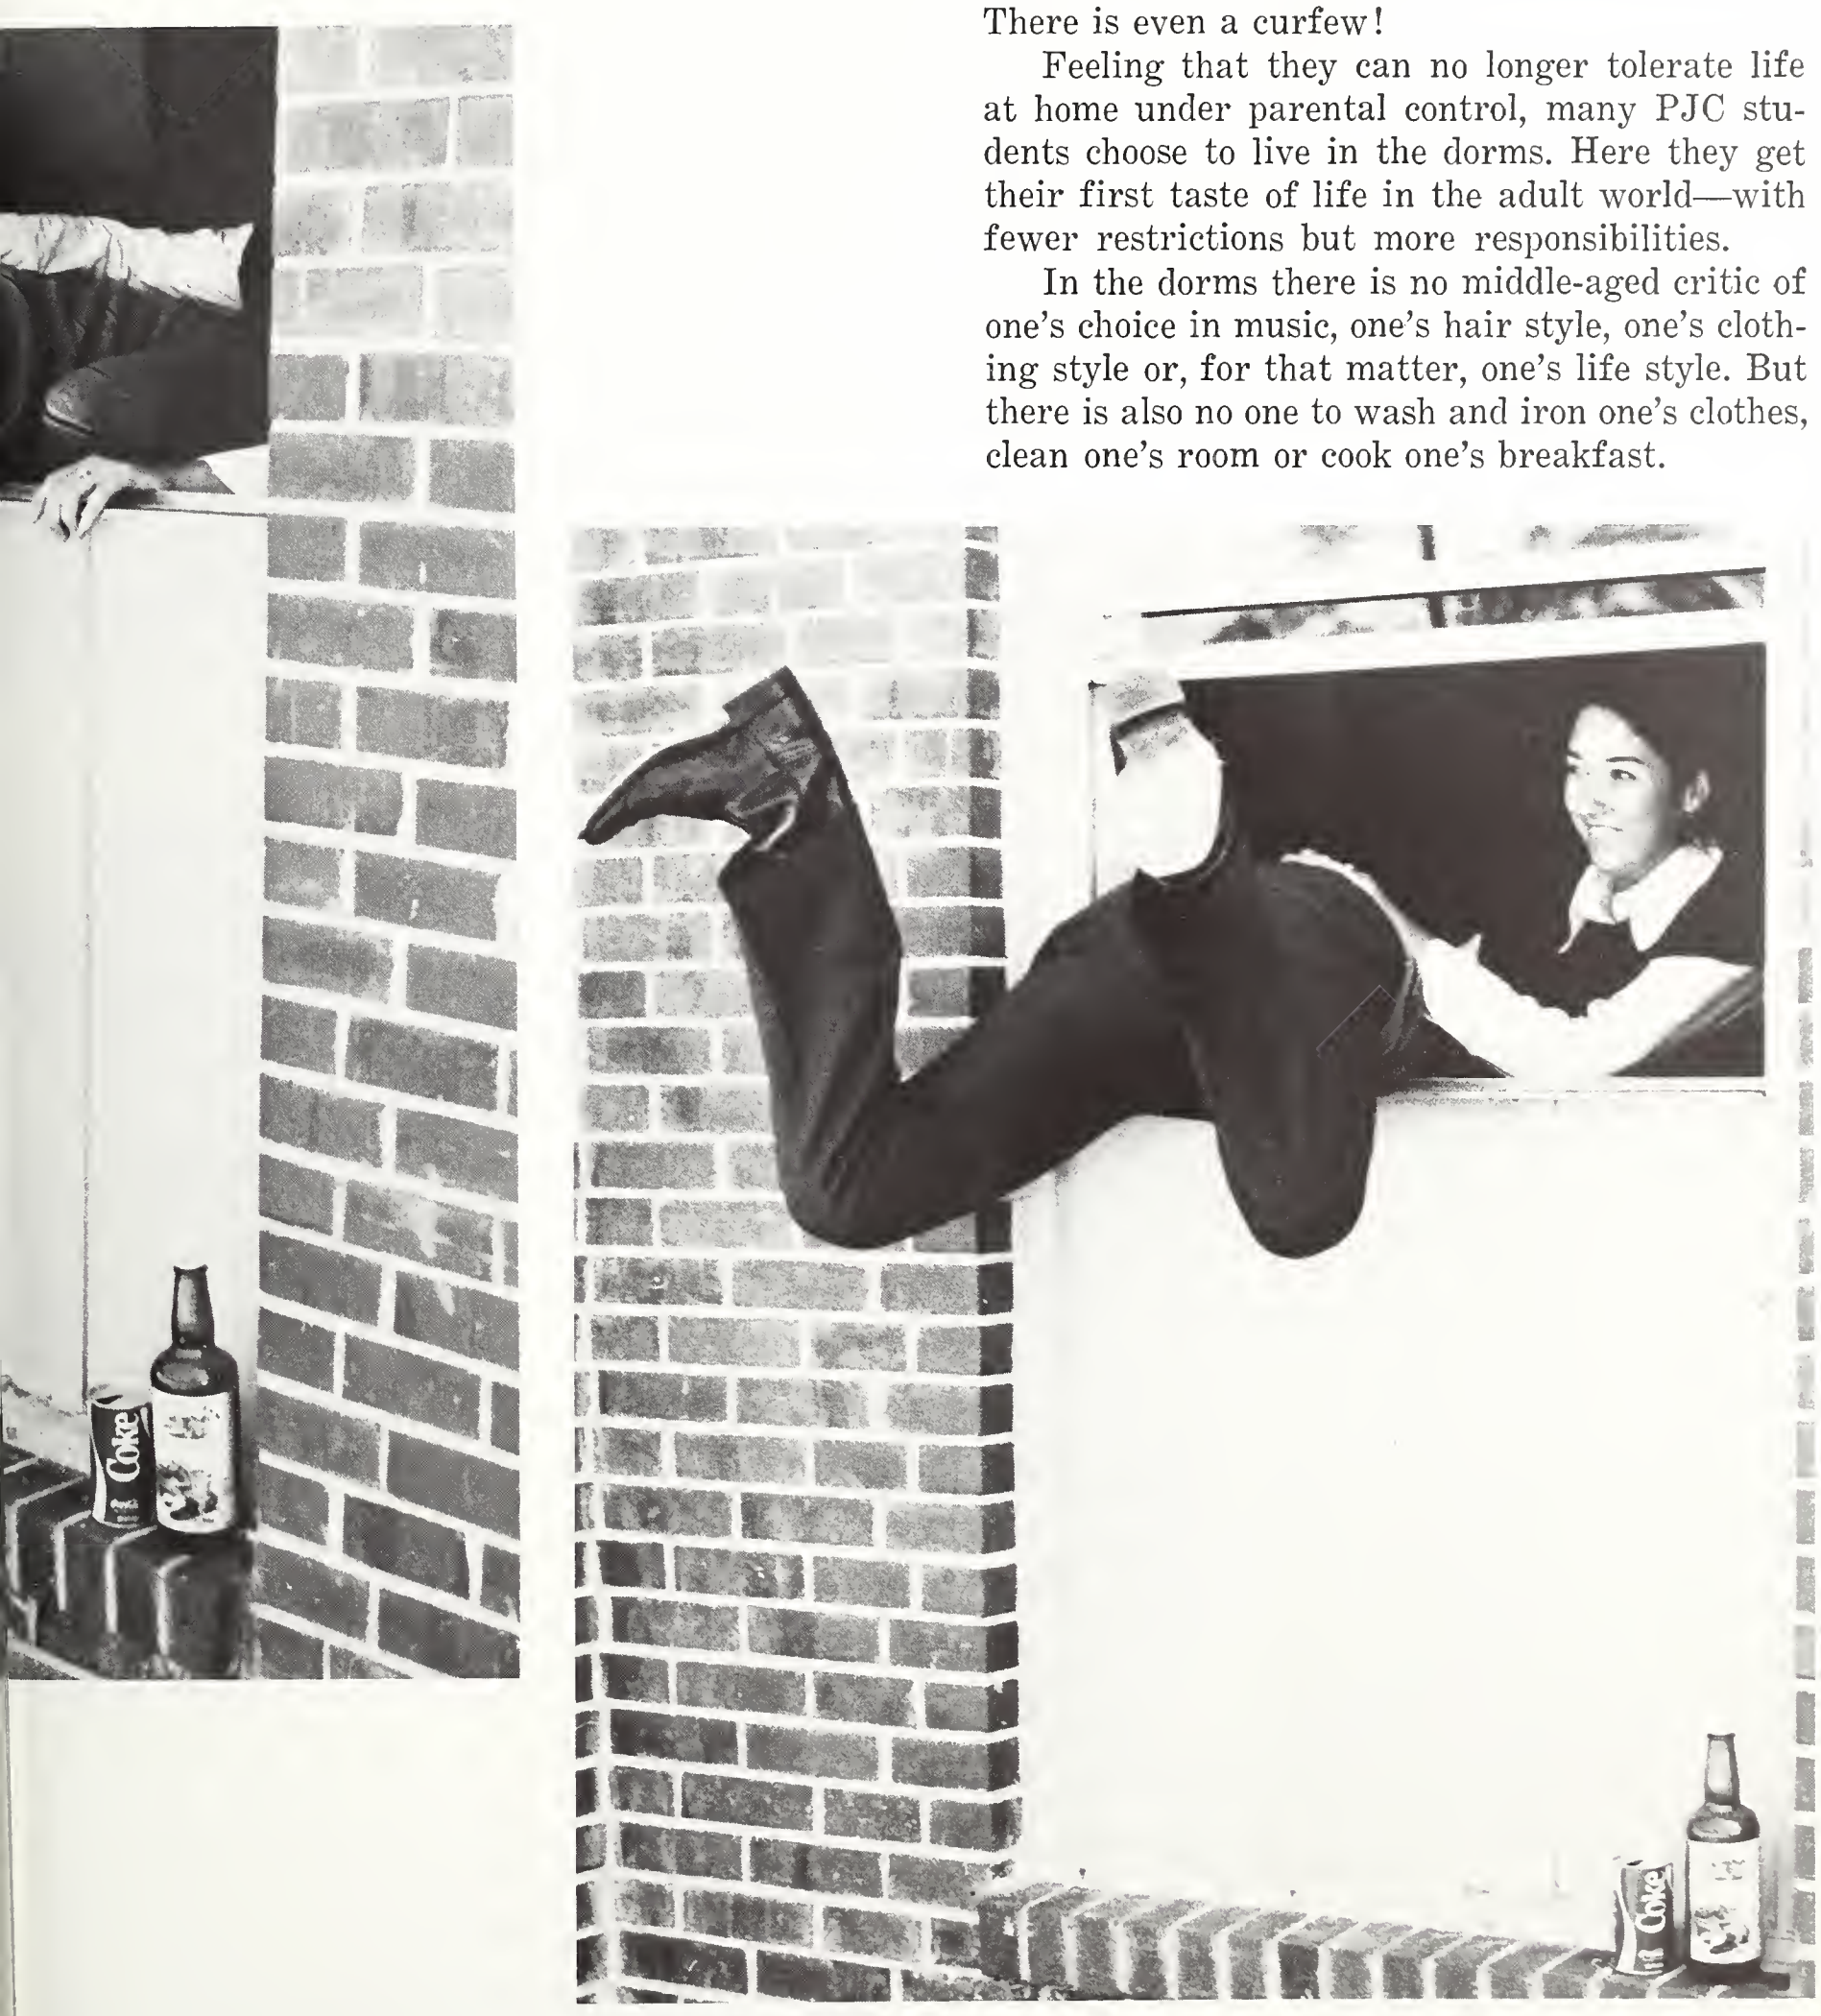
Dorm Life

Though the need always exists, Florida law prohibits the construction of dormitories at junior colleges. Private enterprise has filled the gap at PJC. Located adjacent to the campus, the Pensacola Dorms have most of the characteristics of state-owned dormitories at senior institutions. There is even a curfew!

Feeling that they can no longer tolerate life at home under parental control, many PJC students choose to live in the dorms. Here they get their first taste of life in the adult world—with fewer restrictions but more responsibilities.

In the dorms there is no middle-aged critic of one's choice in music, one's hair style, one's clothing style or, for that matter, one's life style. But there is also no one to wash and iron one's clothes, clean one's room or cook one's breakfast.



. . . into the dorms!

WSRE-TV

Located on the campus of PJC, WSRE-TV, Channel 23, serves PJC students and the community at large with excellent educational programming.

Affiliated with the National Educational Television network, WSRE airs numerous NET programs of note such as the widely acclaimed "Sesame Street" series. College-produced programming includes lecture courses covering the basic areas of undergraduate study — English, history, etc., — as well as interview and talk-type sessions and other special programs.

WSRE operates a closed-circuit television system on the campus which permits utilization of recently developed multi-media teaching methods.

A number of television production courses, leading to a two-year certificate in Television Production and Broadcasting, are offered by the college.

A television news production student is monitored in the control room.

Construction

Mirroring PJC's continuing growth and change, the campus was, again this year, the scene of building construction and remodeling. Last year it was the new Social Studies Building; this year it is a multi-million dollar Visual Arts Building and a remodeled Student Center.

Throughout the year students and faculty watched the Visual Arts complex take form with its strange skylight-bedecked roofline. Scheduled to be completed in the summer, the new complex will house PJC's Art department next year.

During the Christmas holidays the Student Center saw extensive remodeling. Gone are the tile floors, the austere walls and the high ceiling—a decor often referred to in the past as "jailhouse modern." In their place is a thick carpet, wood-paneled walls and a lowered ceiling. Notwithstanding the criticism of a few that the Student Center with its rough plank walls and dividers now looks like Hoss Cartwright's mess hall—a bit rough hewn—most feel the remodeling effort to have been successful.

The loneliness of a single worker seems to contrast the architectural sophistication of the new Visual Arts Building.

Piercing the sky thricely, the Visual Arts Building roof is a campus conversation piece.

Northward-pointing skylights in the Visual Arts Building will provide ideal illumination for artists and sculptors.

Plushly carpeted floors set amongst roughly textured wooden walls in the remodeled Student Center seem incongruous to some.

Homecoming

Homecoming Week (Feb. 15 through 20) was, as usual, chock-full of activities of all sorts, both on and off campus. Events during the week included; pool and Foosball tournaments, skits presented for the student body by various organizations, an alumni banquet featuring NBC commentator Herb Kaplow as guest speaker, a convocation at which Mr. Kaplow spoke to the student body and a conference basketball game preceded by a pep rally.

The high point of the eventful week came on Friday and Saturday with a carnival and dance in the Student Center on Friday afternoon, a semi-formal dance (also in the Student Center) Friday evening and the traditional Homecoming parade through downtown Pensacola on Saturday morning.

(Below) Students dance to music by the Kords (Upper Right) at Friday afternoon dance in the Student Center. A carnival held simultaneously on the patio included such activities as greased-pole climbing (Lower Right).

All good things must come to an end. PJC's Homecoming '71 ended with the passing of the final segment of the parade down Palafox Street.

Foreign Students

Coming from such geographically diverse places as Peru, Morocco and France, PJC's foreign students lend a truly cosmopolitan aura to the campus.

They come primarily to obtain an education which will be useful to them when they return to their native lands. They achieve this and much more.

Living, working and playing among us for a time, these young ambassadors of international understanding and goodwill teach us much about love and brotherhood—about getting along with our fellow men. Our horizons are broadened by their presence.

Freshmen Omar Lotfi (left) and Serge Lebreton (right) are both of French speaking backgrounds. Omar, a native of Casablanca, Morocco, came to the United States with the Peace Corps. He plans to major in Business-Economics at the University of West Florida. Serge, a Parisian by birth, came to Pensacola by way of the United States Navy in which he served. Serge plans to pursue a Marine Science degree at West Florida. In his spare time he is a French tutor.

The Lira sisters come to PJC from Lima, Peru. Amalia (left) plans to major in Electronics Engineering after graduation in 1972. Rosario (right) will, upon graduation, go on to the University of West Florida to major in Language. Both are members of the Diplomats club.

(Left-Right) Hernan Leyna, Fernando Cammaert, Erik Herazo and Alvaro Patino are all natives of Colombia. Hernan, a freshman Mechanical Technology major, will, upon graduation in 1972, return to his homeland to assist in technological development there. Fernando, in his second year at PJC, is majoring in Marketing. A motorcycle and race car enthusiast and a member of the Diplomats club, Fezando will continue his education at West Florida following graduation in April. Erik, also in his second year at PJC, is an Industrial Management major. He too will go on to West Florida after graduation this year. Erik is a member of the Diplomats club. Alvaro, a freshman, is enrolled in PJC's Data Processing program. He plans to attend West Florida following graduation in 1973. Alvaro is a sports enthusiast, enjoying all sports, especially soccer.

Teodomiro Perez (left) of Tarma, Peru and Fernando Romero (right) of Bogota, Colombia are attending PJC on scholarships. Teo, who plans to major in Electronics Engineering, is a member of the PJC Diplomats club as well as the Institute of International Education from which he received his scholarship. Fernando is following a course of study in the field of Business Administration.

Freshmen Carlos Barriga (left) and Salino Massino (right), residents of Lima, Peru, are both in the Data Processing program at PJC. After graduation in 1972, Carlos plans to return to Peru. Salino will continue his studies in the United States. Salino's activities include part-time work in the language lab. Both students are attending PJC on a scholarship.

ORGANIZATIONS

Baptist Student Union

The Baptist Student Union is an interdenominational group that provides our campus with Christian fellowship throughout the year. BSU weekly meetings often include guest speakers. Informal get-togethers and discussion groups play an important part in the BSU program. All are welcome.

Larry Barnes, president of the BSU, delivers a message at the First Christian Church during a special meeting.

Third Row: Gary Adams, Kathy DelGallo, Cecil Edgecumbe, Kay Stewart, David Woodfin. Fourth Row: Steve Price, Larry Barnes, David Folsom, Professor Sandifer.

Regular meetings of the BSU are held on campus.

Club members show an interest in humanity and personal affairs. Taking an active part in campus activities is also a vital part of their work.

Black Student Union

The Black Student Union, formerly known as Triple G, was established in the fall of 1968 to promote goodwill and brotherhood among the student body. Any full-time student is eligible for membership.

The organization co-sponsored the observance of National Black History Week, February 7-13 at PJC. The theme for the observance was "Black History Plus." Several members of the group wrote poems and essays for the occasion and a skit was presented which took a dramatic excerpt from the broadway play, "A Raisin in the Sun."

During the fall term, Rev. Fred Shuttlesworth spoke to the group about his experiences in the early civil rights movement.

Projects planned for the future include carrying 18 years olds to register to vote in the 1972 federal elections and support for the movement to make January 15 a national holiday in honor of Dr. Martin Luther King Jr.'s birthday.

Black Student Union Members — First Row: Joe Parker, vice president; Brenda Hall, Fred Peoples, president; Mardell Williams, Carolyn Ellis, Johnnie Lewis. Second Row: John Rogers, Brenda Halloway, Gordon Pike, Julia Ladd, Reginald Smith, Corrie Wingate. Third Row: Ann Gordon, George Robertson, Willie Hall, treasurer; Linda Wingate, secretary; Rita Washington, Larry Stallworth. Fourth Row: Debra Carr, Gail Smith, Stella Mobley, William Rollins, Sandra Walker, Hayward Johnson.

Black Sisters — Sitting: Rita Washington, Beryl Thornton, Mardell Williams, Brenda Turner, Patsy Barron. Standing: Karen Rancifer, Linda Ammons, Brenda Hall, Ann Rudolph, Carolyn Lambert, Gail Sword.

Black Brothers — First Row: John Rogers, Larry Stallworth, Dwight Buford, Curtis Peters, Wimp Lewis, David White. Second Row: Joe Johnson, Joe Smith, William Rollins, Willie Roberson, Carwyn Thornton, Reginald Smith.

Interested students were encouraged to learn more about the Black Student Union and black history at a booth set up by the organization in the Student Center on Organizations Day.

Above and Left: Rev. Shuttlesworth relates his experiences in the early civil rights movement. He was an aide to Dr. Martin Luther King before Dr. King's death in April, 1968.

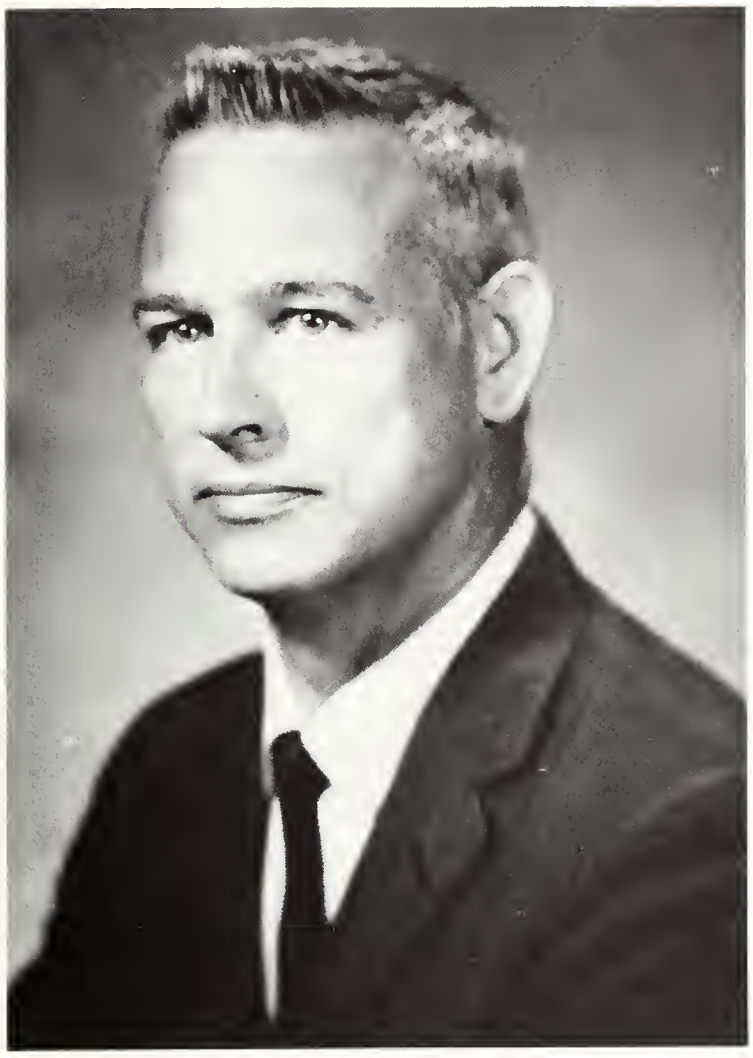
Cadeceus Society

The Caduceus Society was founded in the summer of 1970 as a result of a desire by local medical and dental societies to identify—to draw together—all students in medically related programs at PJC.

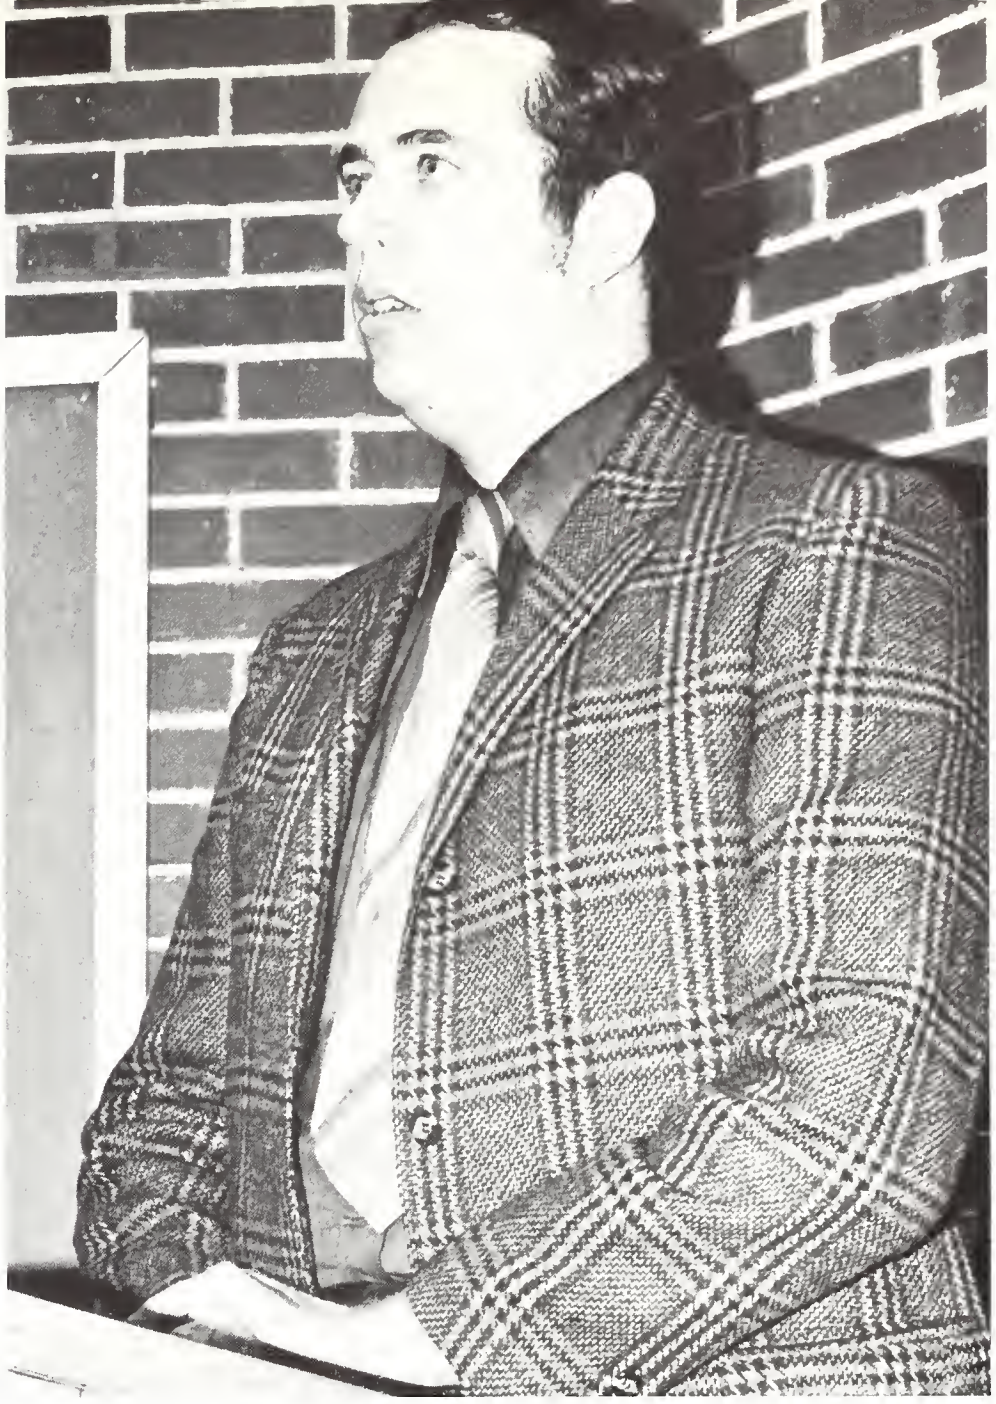
The society is strictly scientific in aim and endeavor. Activities this year included featuring a number of guest speakers from the medical world. An effort was made to schedule speakers from as many different fields of medicine as possible, emphasis being placed on vocations which could be pursued by the student.

Caduceus Society members include students from medically related programs such as Dental Hygiene, Dental Assistants, Registered Nurses, Licensed Practical Nurses, Medical Technology, Medical Secretaries, Pre-dental, Pre-medical and Pre-nursing.

Officers — Jacob Rivera, chairman; Mamie Preyer, president; Kathy O'Connor, secretary-treasurer.



Dr. Jack Young
Adviser



Dr. Donald Dear, Nuclear Medical Technician, speaks to Caduceus members about nuclear medicine.

Dr. Reed Bell, President, Northwest Florida Comprehensive Health Planning Council, Inc.

Dr. Gerald Hilbert, Pathologist at Sacred Heart Hospital, was Caduceus founding father.

Circle K

Sponsored by Kiwanis International, Circle K is the largest college organization in existence. There are more than 600 chapters throughout the United States and Canada. A men's service organization with the motto "We Build," Circle K endeavors to be a positive and constructive force on the college campus and in the larger community of which the college is a part.

Locally, the PJC chapter of Circle K has sponsored a number of worthwhile college and community service projects recently. One of the most-noteworthy of the projects was the presentation of gifts to the Crippled Children's Home, for which the PJC chapter was commended by the Northwest Florida Crippled Children's Association.

This year, Circle K International inaugurated the first observance of Canada—United States Goodwill Week, April 25 to May 1.

Officers — Alvis Searcy, treasurer; Scott Banks, secretary; Carolyn Cox, sweetheart; Harold Carnley, president; Steve Price, vice president.

Members — Front Row: Bruce Francis, Jimmy Quinn, Carolyn Cox, Scott Banks, Don Nelson. Second Row: Mike George, Dave Owen, Harold Carnley, and Mike Wright.

This year Circle K helped finance the annual English 101 literary anthology, "Each In His Own Tongue." Below, Harold Carnley and Carol Campbell, co-editors of the anthology, examine a copy.

Concert Choir

The Pensacola Junior College Concert Choir is a distinguished choral group open to all PJC students by audition. The Concert Choir, under Dr. Chester O'Bannon's direction, has established itself as one of the outstanding choral groups in the South. They have performed on national radio broadcasts and have been heard throughout the world on the Voice of America.

Each spring the Concert Choir tours Florida and surrounding states, singing for colleges, universities, churches and other groups. This year's tour carried the Concert Choir to Atlantic University in Boca Raton, the University of Florida at Gainesville, Gulf Coast Junior College in Panama City and to Mobile where a performance was taped at WKRG-TV.

Concert Choir Members — First Row: Tamra Pierce, Janis Campbell, Paula Goldsmith, Ginger Mize, Chris Mann, Lisa Aspero, Laurie Riddles, Susan Wiggins, Annette Singleton, Tina Vaughn, Martha Harper, Debra Owens, Pat Griffin, Ceceilia McDill, Donna Wallace, Ginger Wilson, Brenda Steeley, Myra White, Martha Wiggins, Teresa Lord, Jeannie Richards, Teri Barwick, Sari Simon, Sharon Seay, Becky Hombroeck, Rhonda Calcote, Vicki Hanks, Karen Shires, Kay Stewart. Second Row: Kenny Glover, Jim Grunke, Larry Hanna, Doug Reynolds, James Boswell, Mike Jacobs, Richard Springfield, Eddie Doubelstein, Jerry Stroup, Robert King, Paul Morrell, Rich Taliaferro, Mike Strasser, David Frantz, Tom Lee, Alvis Searcy, Dale Boswell, Pat McGinnis, Dan Shook and Ralph Polley.

Corsair

CORSAIR, PJC's student newspaper, serves a dual purpose. It provides the campus with bi-weekly news and commentary while at the same time affording students enrolled in journalism classes an opportunity to gain practical journalistic experience.

Under the editorship of Joe Cutts the Fall term CORSAIR received an "A" rating from the National Newspaper Service and a "First Class" rating in the Associated Collegiate Press' semi-annual competition.

Richard Springfield writes headlines for Features.

Wanda Forehand types her Club Notes column.

Diplomats

The Diplomats Club is composed of students who are interested in the study of foreign langauges and cultures—usually persons majoring or minoring in one of the foreign languages taught at PJC. Through regular meetings and informal get-togethers, at which films are shown, foreign guests are entertained and a variety of related projects are pursued, members learn much about other languages, peoples and places.

Projects this year included a buffet dinner for foreign members of the community, the establishment of a language committee to assist foreign exchange students and collection for the Peruvian earthquake disaster fund. During the Christmas season the Diplomats sponsored "Christmas Around the World,"—a program in which Christmas customs from throughout the world were demonstrated by club members. The Diplomats participated in the Homecoming parade, with members dancing European and South American folk dances.

Environmental Coordinating Committee

Members of the Environmental Coordinating Committee are dedicated to combating the environmental decay — air pollution, water pollution, trash pollution — human pollution in all its myraid forms — which presently plagues mankind.

Locally, the E.C.C. attempts to educate — to awaken — the populace to the threat to their health and well-being posed by industrial pollutors. Information campaigns include guest lecturers, films, posters and surveys.

The E.C.C. demonstrate their concern for the environment in very practical ways too, with community trash collection projects and cleanup campaigns.

Committee Members — Front Row: Mike Beason, Gwen Waldorf, Denny Maljevac, Nancy Farris and Bruce Francis. Back Row: Dan Potts, Steve Morgan and Sol Peklo.

Future Secretaries

The Future Secretaries Association is an organization for full-time students in one of the several secretarial programs offered by the Department of Business and Distributive Education. Members may be enrolled in the two-year secretarial degree program or in one of the one-year certificate programs — either Stenographic-Sec-secretarial profession, develop a better under-graphic.

The club attempts to stimulate interest in the secretarial profession, develop a better understanding of secretarial responsibilities and provide association with members of the Pensacola Chapter of the National Secretaries Association.

Officers — Lee Perkins, treasurer; Julia Crane, secretary; Cathy Minshew, vice president; Lavanda Cobb, president.

S.C.L.

Founded in the fall of 1969, the Students for Civil Liberties is a very active campus organization. During Fall Term this year S.C.L. co-sponsored a rock festival at the University of West Florida. They also journeyed to Tampa to take part in the October 31 National Peace Coalition demonstration. One of the group's Spring Term projects was solicitation for the Angela Davis Defense Fund. Additionally, S.C.L. sold copies of Pensacola's underground newspaper, Fish Cheer, as a fund-raising project during the Spring Term.

S.G.A.

The Student Government Association is the elective governing body of the student population at PJC. As such, the S.G.A. represents the student population before the faculty, the administration and the community in all matters involving the general interest and welfare of that population.

S.G.A. is delegated executive powers in certain areas such as the allocation of Student Activity Funds. In most other areas where the interest and welfare of the student population are concerned—general institutional policies, codes of conduct, curriculum requirements, etc.—the S.G.A. works with the administration in an advisory capacity.

Elections are held twice a year to elect S.G.A. senators, there being one senator for every 100 full-time students. The offices of S.G.A. president, vice president and chief justice are filled during Spring Term elections. Members of S.G.A. committees and the traffic court are appointed by the S.G.A. president.

Though sometimes accused of concerning itself too much with trivia, the Student Government Association is a vital student activity at PJC.

The Student National Education Association is composed of students who are interested in the teaching profession as a career. Membership is open to any full-time student.

Many professional teacher organizations in Santa Rosa and Escambia Counties take an active interest in the PJC chapter of the S.N.E.A., working closely with it.

In addition to its more serious function of acquainting interested students with the teaching profession, the club sponsors various social and recreational activities.

Student Nurses

Student nurses are PJC students enrolled in the nursing program. But more than this, they are young people interested in the alleviation of human misery and suffering. Students in the nursing program must sustain a 2.0 grade point average and serve long hours in training and care of the sick. Their program of study includes extensive volunteer work in local clinics and hospitals.

Drugs play a major role in today's nursing techniques. Marcia Meadows receives instruction from a staff nurse in the use of drugs.

TIDE Fall Staff

As is often the case with yearbook staffs, things were a bit slow at first. Formulation of a master plan and organization of a staff always precede actual assemblage of a yearbook. There were so many decisions to be made—decisions concerning the general theme, cover design, paper stock, type specifications and innumerable other things. And veteran staffers had to brush up on the rudiments of yearbook layout and design while at the same time novices had to learn the basics.

By mid-September, though, the preliminary hurdles had been overcome and things began to move along. The staff accepted the challenge of producing the best TIDE ever and united in a common effort.

TIDE Spring Staff

The spring TIDE staff, consisting of both returning fall staffers and a few newcomers, was entrusted with the formidable task of carrying through to conclusion the very ambitious plan for the 1971 TIDE which had been formulated in the fall. TIDE '71 was to be larger and better than all previous editions. Accomplishing this goal proved to be no easy undertaking.

Fall Term deadlines not having been completely met, the spring staff began work with an inherent handicap. Early spring deadlines came all too quickly and few were met. But progress was steady and constant. The goal of producing a good yearbook was always uppermost in the minds of staffers and at no time was quality sacrificed for mere speed. In the end TIDE '71 was late in arriving—a summer book in yearbook parlance. But we feel the extra effort and the longer wait justified. We hope others will agree.

Delta Kappa Alpha

Delta Kappa Alpha was founded on the PJC campus in the fall of 1961 with the idea of bringing new meaning to brotherhood and fraternity life. The bond began with 13 charter members but has since grown to 160 brothers with new pledges each term.

Besides being active on the social calendar with beach parties, house parties, dances and weekend "get-togethers", the Dekes hold positions in athletics, Inter-Greek Council and other campus organizations.

The purpose of the fraternity is to stress and promote scholarship, leadership and brotherhood. The organization and its standards are based on those of senior college fraternities. Concern for others is exhibited through the Dekes' many community-oriented projects.

Celebrating their tenth anniversary on campus this year, the Dekes also observed the fifth year of sponsorship by Dr. William Beck.

Exhibiting a wide range of interests, the brothers of Delta Kappa Alpha pause on a dune at Pensacola Beach.

Phi Beta Lambda

Formerly the Business Club, the PJC chapter of Phi Beta Lambda is now affiliated with the national business fraternity of the same name.

The club attempts to establish in members a better understanding of and appreciation for the business world. Projects include guest speakers from the local business and civic communities. One of Phi Beta Lambda's goals is the establishment of a Better Business Bureau locally. Membership is open to any student enrolled in a business course at PJC.

Officers — Walt Oliver, secretary; Joe Thornton, president; Bill Born, vice president; Mary Maltby, reporter and Bill Andrews, treasurer.

Members — Front Row: Charles Vaugh, Ken Savoy, George Crawford, Vickie Gary, Elsie Owen, Susan Jackson, Pat Maynard, Mary Maltby, Tom Ryan, Ken Beeleiz, Jerry Kuykendall and Kenneth Martin, adviser. Phi Sigma Tau

Phi Sigma Tau, the oldest fraternity on campus, has come a long way since its inception in 1959. The brothers take part in campus activities and organizations including the SGA and the Inter-Greek Council. The fraternity has contributed much to the community through their fund drives and charity projects. The group collected for Gulf Breeze tornado victims, the United Fund and other charity drives.

Extra-curricular activities include numerous keg parties, impromptu get-togethers and their ever-famous house parties. Whenever one sees Phi Sigs, one is sure to see guys enjoying life to its fullest.

Phi Theta Kappa

Phi Theta Kappa is a national honor society comprised of students that excel scholastically. The PJC chapter of the organization was founded in 1956 with the goals of leadership development, service and intellectual expansion. With an increase of approximately 60 members this year alone, Phi Theta Kappas provide a free tutoring service in all subjects to any PJC student. Also, they provide free scholarship information for interested students.

Coming into this season with an unenviable 1969-70 record of 1 win and 11 losses, the Pirate Baseball Team had no where to go but up. Under the tutelage of a new coach, Buddy Kisner, and with a much longer schedule than has been the case in the past, hopes were high for a reversal of recent Pirate fortunes.

Projecting into the future, Coach Kisner hopes to improve the entire PJC baseball program with more scholarships and better equipment.

The 1970-71 Pirate Basketball Squad came on strong at the beginning of the season. Winning the first five games handily, the Pirates appeared headed for state competition at one point.

But the loss to injury of several key players—Stan Vaughn and John Ladner—early in the season slowed the Pirate momentum considerably. Injuries continued to plague the squad and the remainder of the season was largely a mixed bag. The overall season record was 14 wins and 15 losses.

Primarily as a result of the Pirate cager's second consecutive unspectacular season, (the record in 1969-70 was 15 wins and 14 losses) Head Basketball Coach Paul Norvell was relieved of his coaching duties. The 1971-72 Basketball Squad will be coached by Jim Atkinson, presently an Instructor in the Physical Education Department.

Basketball Team—Standing: Leon Gayle, Clayton Jordan, Gene Grant, Stan Vaughn, Mike Sergent, Jeff Beimfohr, John Ladner, Larry Coleman, Erich Jones, John Rothrock, Kelvin Adams, Rick Leatherwood, Bill Munahan and Mike Richter. Kneeling: Ronald Yarbrough, Coach Paul Norvell and Ive Scott.

Clayton Jordan (22) springs upward, out-jumping his opponent on a jump ball. Jeff Beimfohr (53) and Rick Leatherwood (20) wait patiently for the tip to come their way as a game begins.

Clayton Jordan (22) dribbles and Stan Vaughn (24) helps to set up a block for Clayton's shot.

Above and Right: Gene Grant (40) attempts a rebound, as Mike Sergent (44) comes in to help.

Mike Sergent (44) makes a two point free throw shot as Stan Vaughn (24) watches.

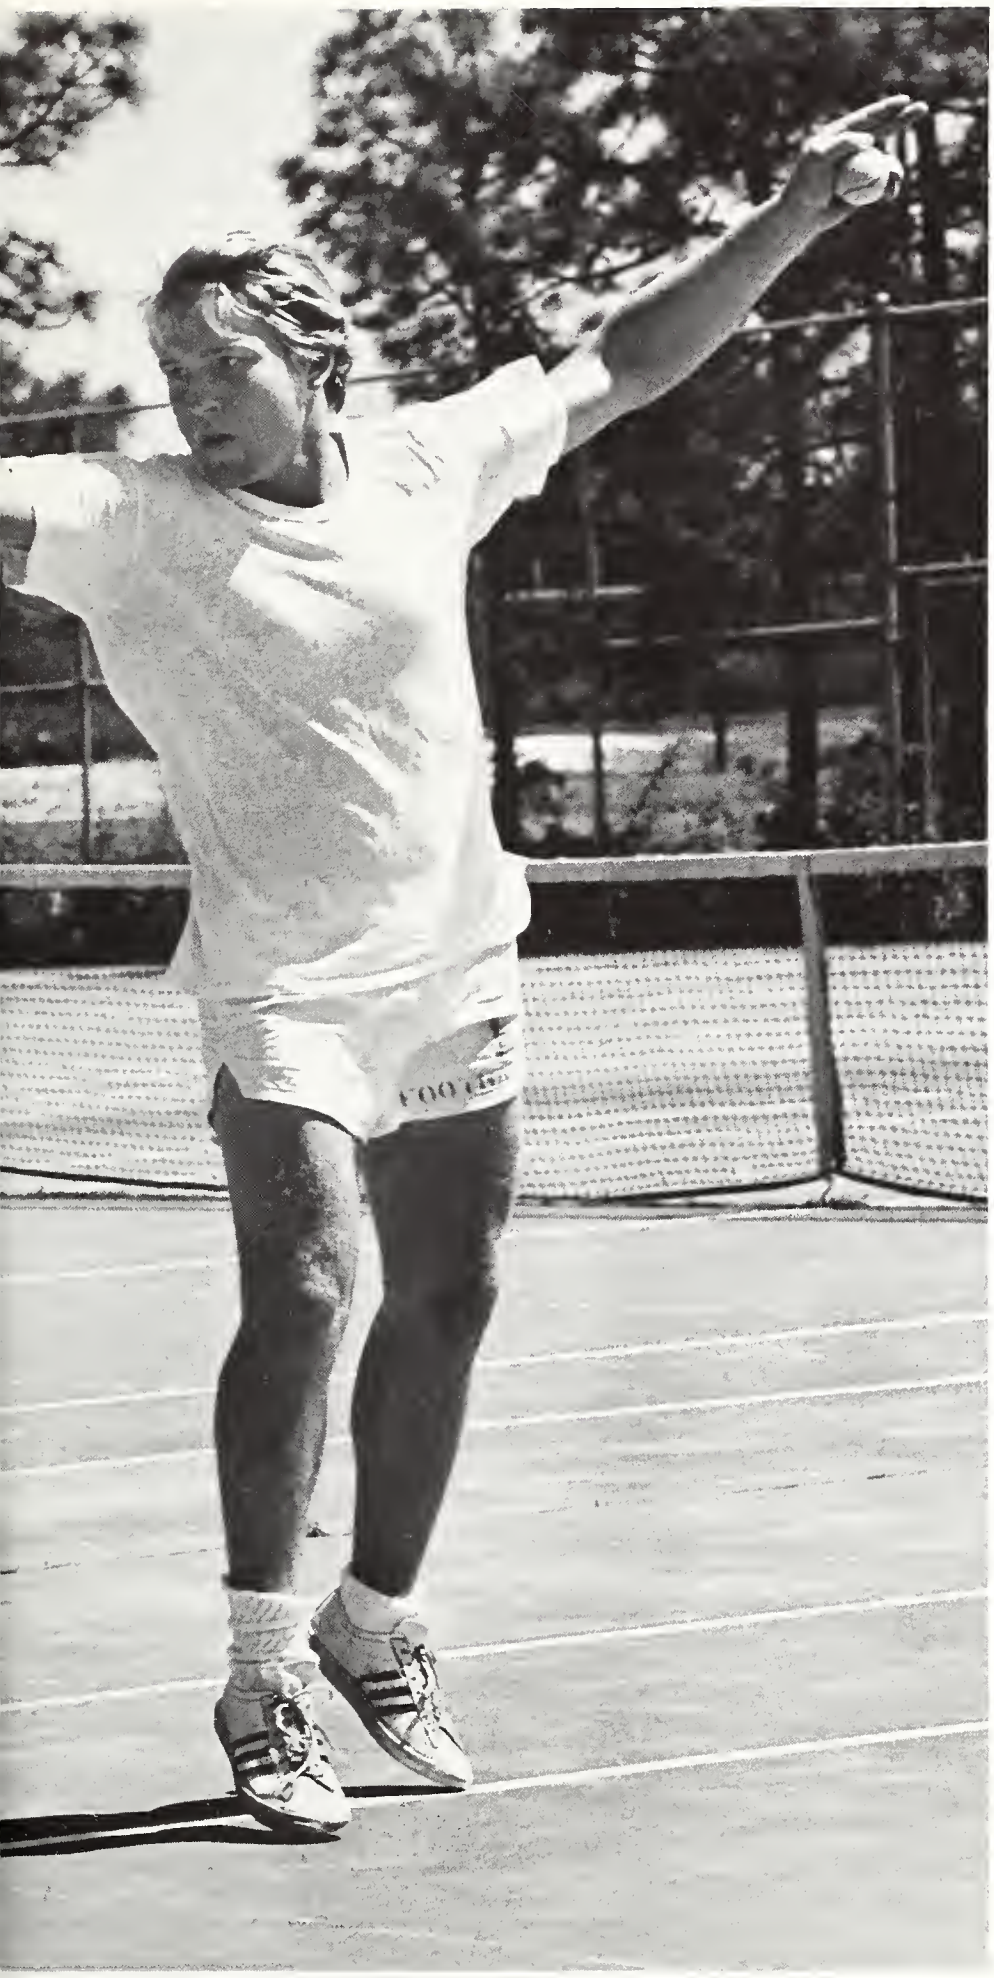
The Intramural program affords students and faculty members an opportunity to participate in organized recreational activities utilizing the Physical Education Department's equipment and facilities.

Including sports for both men and women and running the gamut from bowling to wrestling and weight-lifting, the Intramural program has something to offer everyone.

Intramural swimming events are held in the new Health Building swimming pool.

Practice on the PJC playing field always procedes the first trip to a local golf course.

Men's Intramural golf is played on Pensacola's Osceola Golf course.



Probably the most popular Intramural sport, tennis is played both day and night on the PJC courts.

The fall program included bicycle racing during Bicycle Derby Week.

The PJC Tennis Team opened the 1971 season with a series of impressive wins over regional foes. These included two tournament victories against Marion Institute of Birmingham, Alabama (7-2 and 6-3) and a 4-3 defeat of Gulf Coast Junior College in a Division I Conference Tournament.

Following these early wins the Pirates ran into some difficulty. A tournament defeat at the hands of Northern Iowa (6-3) was followed by a loss to Huntingdon College of Montgomery, Ala. (6-3).

Coach Lloyd's netters went into their mid-season tournament confident that they would be able to recoup early losses and go on to the Division I playoffs.

Under the direction of Dr. Lou Gregory PJC's 1970-71 Track and Cross-country Squad continued to bring distinction to PJC with outstanding performances in state and regional events. The cross-country team, consisting of Rick Jacques, Steve Schoenwald, Bob Mann, Ken Eslava and Dale Fleming went undefeated in all dual meets and won several invitationals including the Daytona Beach Cross-Country Invitational in October.

The track team suffered something of a setback after Christmas with the transfer of Rick Jacques, undisputed star of the team, to the University of Kansas. Notwithstanding this loss, the team remained very competitive in all meets, proving to be particularly strong in field events. A number of new PJC records were set this year by members of the track team. These include: David Martin, Triple Jump, 45'6"; Bob Mann, 600, 1:14.7; Bucky McDonald, Shot Put, 47 feet; Ken Carrancejie, Discus 139'6"; Dennis Paedae, Pole Vault, 14'2" and Gary Gillson, Javelin, 175'9".

Track Team—First Row: Coach Lou Gregory, Fred Peoples, Carl Stroud, Bruce Wentworth, Gary Gillson, Mark Treesh and Dennis Paedae. Second Row: Ty Kenner, Dale Fleming, Ken Turner, Tim Colby, David Martin and Steve Schoenwald. Third Row: Ken Eslava, Leonard Walmer, Ken Carrancejie and Bob Mann.

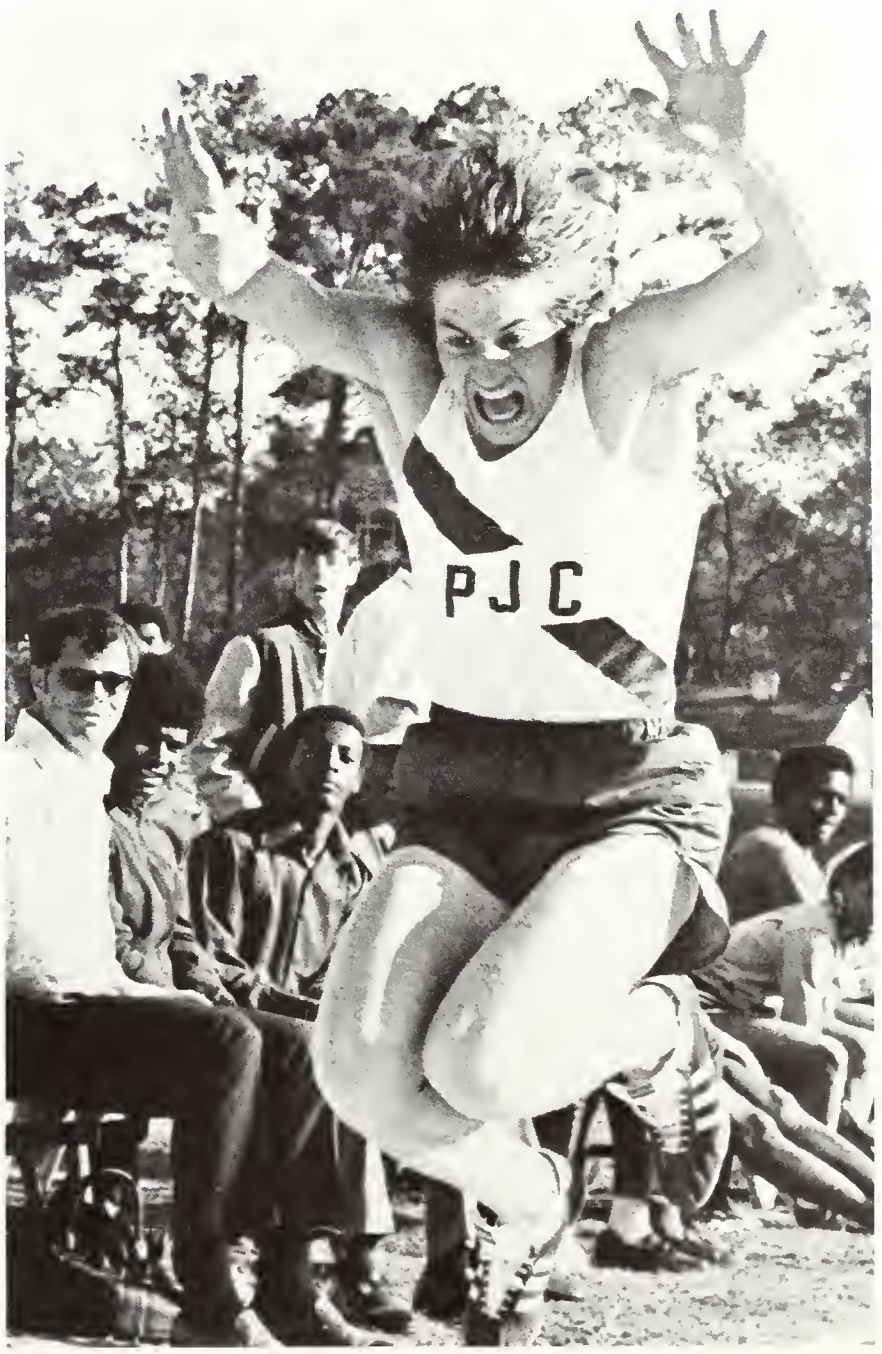
Dale Fleming passes baton to Steve Schoenwald during one-mile relay.

Bucky McDonald exhibits his medal-winning skill with the discus. This year he captured fifth place in shot put against a staunch group of contestants at the annual University of Florida relay meet.

David Martin clears the bar at 12'6" in pole vaulting competition.

David Martin leaps into third place in the triple jump at the First Annual Florida Junior College Relays.

Leonard Walmer completes two-mile race during track meet held at PJC.



Cheerleaders

At a time when unbounded student body support for athletic programs can no longer be taken for granted, cheerleading requires dedication. Practice — hours of it — is required to perfect cheers. At games and pep rallies cheerleaders must present an ever-cheerful, ever-confident, ever-enthusiastic air — whatever the fortunes of the team — whatever the size of the crowd.

PJC's cheerleaders do their job well. With superb team work, happy faces, pretty legs, pom-poms and megaphones, they bring beauty and enthusiasm to Pirate athletic events both at home and on the road.

Cheerleading anyone? Sandy Sanchez solicits recruits for the cheerleading squad.

FACULTY

Administration

As president of Pensacola Junior College, Dr. T. Felton Harrison is called upon not only to act as the chief administrative officer of the college, but also to take an active part in community affairs and in educational processes elsewhere.

Prior to joining the staff of Pensacola Junior College in 1955 as Dean of the Evening College, Dr. Harrison was a member of the History Department at Western Carolina College. In 1960 he was appointed Dean of Basic Studies at Pensacola Junior College and in 1964 was made Vice President of the college. On July 1, 1964, he assumed the presidency of PJC.

President Harrison received his B.A.E. and M.A.E. at the University of Florida and his Ed.D. at the University of Mississippi. Dr. Harrison holds an honorary Litt.D. degree from the University of West Florida.

He is a member of the Southern Association of Colleges and Schools and the Florida Association of Public Junior Colleges. Dr. Harrison is Secretary of the Pensacola Junior College Board of Trustees. He is a member of the Lions Club and is on the Board of Directors of the United Fund, the Heart Fund and the Baptist Hospital.

In order to keep apace of the thinking of PJC students and to maintain a dialogue between the administration and the student body, President Harrison has instituted a monthly President's Luncheon at which he meets and talks informally with various campus leaders. Held the third Tuesday of each month, the luncheons have proven very useful.

JESSE T. BARFIELD
Registrar

PENSACOLA JUNIOR COLLEGE
1000 COLLEGE BOULEVARD
PENSACOLA, FLORIDA 32504

OFFICE OF THE PRESIDENT

AREA CODE 904
TELEPHONE 476-5410

22 March 1971

After thirty-five years in Florida education with twenty-three of these years in the service of Pensacola Junior College, Mr. Jesse T. Barfield has announced his retirement.

Mr. P. J. C., as he is affectionately called, is one of the true pioneers in the establishment of the Junior College System in the State of Florida. He is known throughout Florida Junior Colleges as the Dean of College Registrars and the only faculty-administrative member to claim twenty-three years of continuous service in the State Junior College System.

He served as a professor of Biology for many years; was Director of the College prior to the time the College became part of the Public Junior College System; served as chief campus administrator, Counselor, Business Officer, and Registrar. As the College grew, he relinquished all other duties, remaining as Registrar, a position which he occupied with distinction and in which he gave leadership for all the colleges that were to be established after 1948.

A lover of flowers and an expert in horticulture, Mr. Barfield voluntarily assumed the responsibilities of the beautification of the new campus. What we enjoy today is a testimony of his love for the College and his dedication to higher education. His many students, friends and colleagues will miss his genial smile, his willingness to be of assistance; but, most importantly, his depth of knowledge and experience.

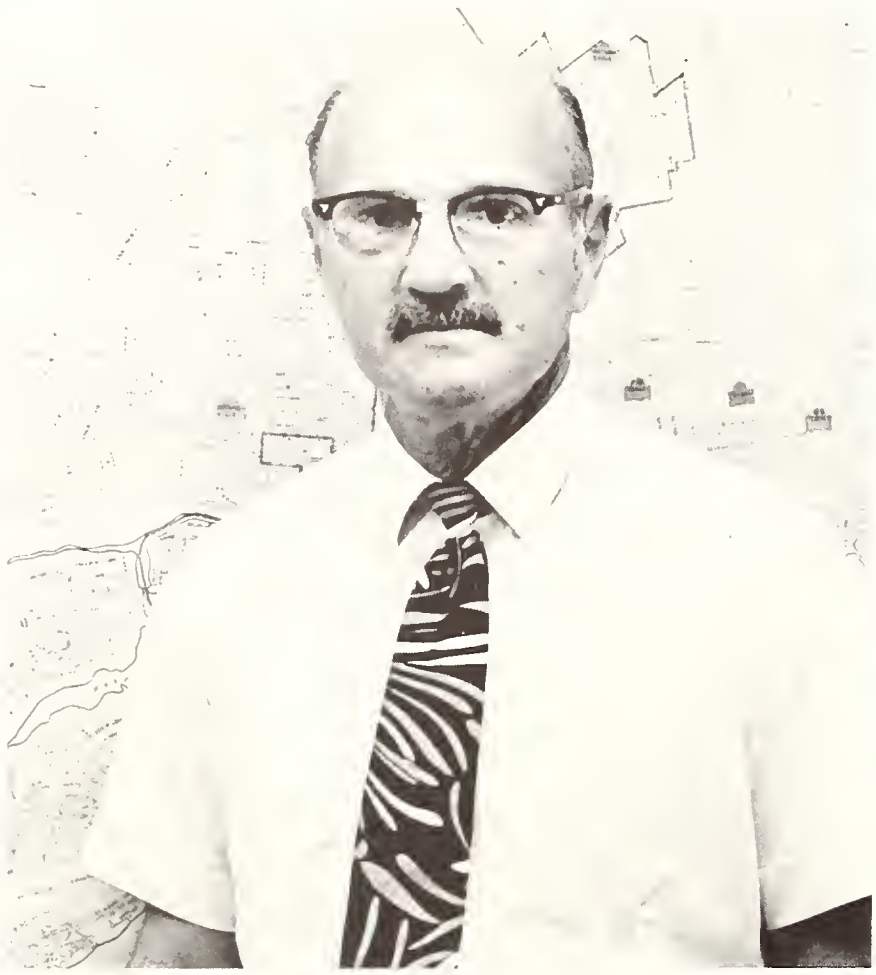
GENERAL EDUCATION

Division of General Adult Education

The Division of General Adult Education provides for those adults whose education was interrupted before completion of high school an opportunity to earn a high school diploma. Consisting of two departments—Basic Education (grades one through eight) and Secondary Education (grades nine through twelve)—the Division of General Adult Education meets the needs of students at all levels. Both day and evening programs are offered.



Gerald A. Gaucher, Head, Department of ABE

VO-TECH EDUCATION

Division of Vocational and Technical Education

The Division of Vocational and Technical Education prepares a student for gainful employment in a particular vocation. Within the five departments of the Vo-Tech Division — Business and Distributive Education, Engineering Technology, Industrial-Technical Education, Law Enforcement Training and Manpower Development Training (MDTA) — courses are offered in everything from cosmetology to computer programming to welding. Most programs of study require one year for completion, after which the student is awarded a Certificate of Achievement.

Success in the business world does not always come easily. It is usually attributed to three factors; quality, experience and service. BRISCH'S has all three.

Quality: BRISCH'S handles only quality clothing. Experience: BRISCH'S has 12 years experience in service to its customers. Service: 12 years of expanding service to its customers speaks for itself.

You can't go wrong patronizing a business with all these qualities. BRISCH'S will continue to serve the women of Pensacola for another 12 years and more.

Can You Imagine a World Without Paper?

You've done a lot of paper work, and throughout the years of your active life you will be using paper. The manufacture of paper and thousands of other products made from trees is one of America's great and essential industries.

St Regis, a leader in that industry, operates three of the largest and most modern paper mills in the South. Their raw material comes from the fast growing pine forests that stretch from the Atlantic Ocean to the Mississippi River — the backlog of the South's prosperity.

The new St. Regis mill at Monticello, Mississippi, is the largest paper mill ever constructed at one time. This $100 million investment illustrates the confidence St. Regis has in the future of paper and in the perennial growth and conservation of our southern forests.

As you, a high school student, look to your own future career, whether you go on to college or go to work upon graduation, give a thought to the paper industry and to the business of tree farming on which it depends, and to the profession of forestry which underpins the whole enterprise.

TIDE '71 is truly a dream book. At times during the term there was doubt that there would be a TIDE '71. But both staffs worked hard and persevered and in the end produced what we consider to be the best Pensacola Junior College yearbook ever published.

There are many new and different ideas in this year's TIDE including, for the first time, Miss TIDE. Linda Gregory was chosen by the TIDE staff and editors to be the first Miss TIDE. It is hoped the feature will be continued in the future.

This year's TIDE is the largest in the history of PJC. We have increased the number of pages, giving more space to the Introduction Features and the other section.

PJC is a college on the move, growing every year. We have attempted to show the whole campus and its activities. We have recorded all of these events to remind each student of their year at PJC.

There are so many persons whom I should thank for helping me put together the TIDE '71. Space would not permit me to name all here. The whole staff deserves tremendous credit. I can only say thanks to everyone for a job well done.

Sincerely

Mark Brisch
